No Reprisal Against Burke Intended, Claim

**GOP Leaders Report
On Views of Both
Ike, Defense Chief**

WASHINGTON (AP)—Republican congressional leaders said today President Eisenhower and Secretary of Defense McElroy ever intended any threat of reprisal against Adm. Arleigh Burke for criticizing the administration's defense reorganization program.

Their views were reported by Senate Republican Leader William F. Knowland of California and House GOP Chief Joseph W. Martin Jr. of Massachusetts. They held a news conference after their regular weekly meeting with the President.

McElroy attended the conference. Over the weekend, the secretary of defense had termed it regrettable that Burke, the chief of naval operations, had refused to support some features of the reorganization plan in testimony before a congressional committee.

McElroy's remarks were viewed as a rebuke to Burke, but the defense secretary later insisted that he had intended no rebuke.

The episode caused Chairman Russell (D-Ga.) of the Senate Armed Services Committee to call on the administration for assurances there would be no reprisals against top military men who disagree with the administration.

IN A SHARPLY worded statement, Russell denounced "totalitarian tactics" by McElroy against Burke. The senator said:

"The clear implication of the Secretary's statement is that the Joint Chiefs must conform or be purged. A witness testifying under the sword of reprisal will find it difficult to give his views.

"In these circumstances, I doubt whether further testimony from the military chiefs will contribute anything to a great understanding of the issues."

Then Russell said he was canceling today's scheduled appearance of two chiefs of staff until he got "a clear and unequivocal statement from the Secretary of Defense" that they could speak freely.

Knowland said Eisenhower believes it is highly important that a defense reorganization bill along the lines he recommended be passed by the Senate.

The House-passed bill does not include three changes the President recommended.

At present, Knowland said, administration officials and members of the Senate Armed Services Committee are trying to work out mutually agreeable language with respect to the changes Eisenhower wants.

As for the McElroy-Burke incident, Knowland said both Eisenhower and McElroy hold Burke in the highest regard.

The senator said in reply to a question that Eisenhower feels the entire episode is a result of a misunderstanding.

King and Queen Named For 1958 Junior Fair

A KING AND QUEEN to reign over the Junior Fair year here were selected by the Junior Fair Board Monday night. The queen is Sue Stephenson (center) and her two attendants are Cindy Schlichter (left) and Glenna Watkins (right). King of the Junior Fair will be Robby Hagler (center). The two escorts for the queen's attendants are Kenneth Pettit (left) and Mike Wagner (right).

Miss Sue Stephenson will be this year's queen of the Fayette County Junior Fair and Robby Hagler will be her escort.

The queen's attendants will be Miss Glenna Watkins and Miss Cindy Schlichter, both of the Bloomingburg community. Their escorts will be Mike Wagner and Kenneth Pettit.

The queen's parents are Mr. and Mrs. Leonard Stephenson of the Waterloo Rd. and those of her escort are Mr. and Mrs. Alfred Hagler of the Jamestown Rd.

The queen and her court were selected by the Junior Fair Board at its meeting Monday night in the Extension Service office.

The queen will be crowned Tuesday night in front of the grandstand and she and her court will preside over the Junior Fair activities during the remainder of the Fair.

Miss Stephenson will represent Fayette County in the Ohio State Junior Fair queen contest Aug. 22.

SELECTION of the queen was based on the following point system: Participation and achievement in activities, 40 points; poise, 20 points; personality 20 points and personal appearance, 20 points.

Sue has been in 4-H club work for eight years and is a junior leader in the Wilson Country Sisters 4-H Club. She is corresponding secretary for the county-wide Junior Leadership Club and this year will be serving her second year as a Junior Camp Counselor. This is her first year on the Junior Fair Board. She was one of two Fayette County representatives at the recent State Junior Leadership Camp and was one of two Junior Leaders receiving the State Junior Leadership Honor Award in Columbus in March.

Robby Hagler, the Junior Fair King, is a member of the We Dood It 4-H Club, president of the county-wide Junior Leadership Club, is completing his second year on the Junior Fair Board and has been selected to serve as a Junior Camp Counselor this year.

THE BOARD discussed the sale of 1958 membership tickets to all 4-H and FFA members. Membership entitles the holder to vote in the election of new Fair Board members which will be conducted

Balloting Gathering Momentum For Fair Queen Nominations

As political observers might expect, on election day: "Early returns are beginning to trickle in" for the nomination of candidates for Fair Queen.

Clip the ballot out of the Record-Herald today—it is on page 8—and either add your vote to one of the candidates you know has been nominated or cast it for the girl of your choice. There is no limit to the number of girls who may be nominated. The ten who receive the most votes in this "primary" will be the finalists in the election for queen.

Balloting for the nomination of candidates will close at noon Friday—so be sure to cast your vote for some girl for this honor before that time. The ballot box is in the Record-Herald lobby, just inside the front door; either drop your ballot in the box or mail it to the "Queen Contest Editor," Record-Herald NOW.

The Record-Herald will print the names of some of the candidates for

Cost of Living Hits Another Record High

**But Rise During May
Is Smallest Since
Last December**

WASHINGTON (AP)—The nation's living costs hit another record in May but registered the smallest monthly rise since December.

The latest government reading on living costs, released today, held out hope that the two-year inflationary spiral has leveled out for the summer. Food items as a whole failed to increase in May for the first time since November.

The Labor Department index rose one-tenth of 1 per cent to 123.6 per cent of the 1947-49 base. This is 3.3 per cent higher than May last year. It represents the 19th straight rise in the index in the last 21 months.

The index has not declined in any month since August 1956. The living cost rise means an automatic pay boost for an estimated 850,000 workers mainly in the steel, aluminum, can manufacturing and meat-packing industries.

ABOUT 750,000 workers in these industries are to get a 4-cent hourly pay increase effective July 1 under labor contract clauses gearing pay rates to the government index.

The remaining 100,000 workers, primarily in the aircraft industry and in the Washington and Detroit transit systems, are to get 2-cent per hour raises. Other escalator pay raises pegged to the living cost increase range from 1 cent to 9 cents per hour.

Increases in medical care costs and transportation prices were largely responsible for the moderate hike in May for the overall index.

The medical care increase was attributed primarily to higher premiums for Blue Cross hospitalization plans in several cities. Rates for physicians' services and hospitals also were higher.

Medical care costs as a whole rose seven-tenths of 1 per cent. The increase in transportation reflected higher prices for gasoline in several cities, and for used cars. Prices of new cars and tires were lower.

Hersey E. Riley, chief of the Labor Department's price and cost of living division forecast continuing increases in cost of services, and said meat prices probably won't decline until fall. On this basis, he hesitated at forecasting whether the living cost index for June will be up further.

**Public Drunk
Canned Twice**

WHITEVILLE, N. C. (AP)—A public drunk was "canned" twice here, first, police said, when he tried to sit on the edge of a 60-gallon trash can and fell in. It took four men to pull him out.

Then he was "canned" on public drunkenness charges in the county jail.

**Ironton Youth Flees
Marysville Jail**

MARYSVILLE (AP)—An Ironton youth who dug his way out of the Union County jail here may be armed, highway patrolmen have been cautioned. He is Lonnie Osborn, 16, charged with stealing a truck in Plain City and a car in Delaware.

He used a spoon to dig under a jail window and remove bricks, deputies said. They said there is a possibility he may have been met by another person after his escape.

Osborn had been arrested in Pikeville, Ky., and returned here last Wednesday.

**Blast Wrecks Bed,
But Occupant Unhurt**

CUMBERLAND, Ky. (AP)—O. M. Henson went soaring out of bed and landed unhurt when two dynamite charges went off right under the bed. The bed was demolished.

Henson said he has been sleeping in his son's grocery store lately to frustrate burglary attempts. The blast caused an estimated \$500 damage.

All merchandise is specially priced for this event.

Canada's Moscow Embassy Given More Soviet Guards

MOSCOW (AP)—The Soviet government stationed two additional militiamen in front of the Canadian Embassy today but it appeared unlikely so far that a demonstration was in the offing in retaliation for the attack on the Soviet Embassy in Ottawa.

Nor was there any indication that the U.S. Embassy would be the target of a Soviet crowd, as the West German Embassy was Monday and the Danish Embassy was Friday.

Demonstrators have attacked Soviet embassies in Copenhagen, Bonn, Ottawa and New York with stones and ink in protest against the execution of Imre Nagy and three other leaders of the 1956 Hungarian revolution.

Only the Copenhagen and Bonn

Tentative Budget For City Schools Approved by Board

A budget of \$629,011 for 1959 for the Washington C. H. schools was adopted by the Board of Education at Monday night's meeting.

This is an increase of \$40,171 over the 1958 budget of \$588,840 and it falls short of the estimated receipts by \$32,249.

Although expenses had been trimmed through the elimination of six high school teachers after the proposal for a 3.6-mill levy was defeated, the board cut another \$14,950 off the teaching costs at Monday night's meeting.

The complete budgets for 1958 and 1959 and the receipts in 1958 and anticipated receipts in 1959 appear in tabulated form on page 2.

Lima Jail Escapee Held In Ft. Wayne

LIMA, Ohio (AP)—Earl Ratliff of Columbus was to be returned to city jail here today, less than 24 hours after he escaped by squeezing through a washroom window.

He was captured in Fort Wayne, Ind., Monday night after wrecking a stolen car. Deputy Sheriff Robert E. Shaw said he chased the 24-year-old Ratliff after a farmer called the Allen County (Ind.) Sheriff's Office to say a man was seeking medical aid. When he arrived, Shaw said, Ratliff fled in a car.

When Ratliff's car smashed into the rear of another car in northwest Fort Wayne, the deputy said, Ratliff jumped out and ran off—battered and collapsed.

He was seeking first aid for injuries to both heels suffered Monday when he dropped from the second story jail window to the roof of a lower building and then to an alley below to escape. He had been in the washroom to clean fingerprints off his hands.

Ratliff received only minor injuries in the car crash, the deputy said. He waived extradition and Lima police were dispatched to pick him up. He was originally picked up in Lima at the request of the Columbus Police Department for investigation of auto theft.

**Fireworks Kill
100 in Brazil**

SALVADOR, Brazil (AP)—Two stores of fireworks for religious celebrations exploded Monday, killing more than 100 persons and injuring some 340 others.

The government of Bahia state took steps to ban all fireworks. They are traditionally set off on the June festival days of Saints John, Anthony and Peter.

The highest reported toll was at Santo Amaro, near Salvador. And electric power line broke and fell across a fireworks booth at a fairgrounds. The resulting fire touched off an explosion that killed about 100 persons.

The second fireworks explosion reportedly killed seven at Fiera de Santana, northwest of Salvador.

Attaching Idle Pay Checks Hit

WASHINGTON (AP)—A House subcommittee takes a look today at the government practice of levying attachments against some unemployment compensation checks to collect back taxes.

The Internal Revenue Service said it has attached some jobless benefits but only in cases where no undue hardships would result.

Subcommittee Chairman John A. Flatin (D-Minn.) called it a violation of the basic principles of the jobless pay law.

Shoplifter Requests Stretch in Prison

DETROIT (AP)—Joseph W. Bobo, 22, was sentenced to 15 months to 4 years in prison at his own request. Bobo, who pleaded guilty to a shoplifting charge, asked to go to prison in order "to pull myself together and get some religion." Prison might do me some good."

Little Mideast Chief Fears Rebel Attack

**U.N. Diplomat Ends
Talks with Nasser;
No Accord Revealed**

BEIRUT (AP)—If the United Nations is unable to restore peace in Lebanon, the little Middle East nation's president, Camille Chamoun, is ready to ask the U.S. and Britain for military intervention.

Informed diplomats in London said the United States and Britain had advised Chamoun against making any precipitate appeal for Western intervention.

They were said to have told him such a move was fraught with grave international dangers and he should concentrate on supporting U. N. efforts to find a solution.

Chamoun said today he expects heavy attacks from the rebels, probably within the next 48 hours.

Chamoun made his prediction only a few hours after the arrival of Dag Hammarskjold, U.N. secretary general, from Cairo talks with President Nasser on the Lebanese rebellion.

Almost as he spoke a bomb exploded within 200 yards of Hammarskjold's Biarritz Hotel headquarters. He left shortly before for lunch.

Hammarskjold returned after two days of trying to persuade Nasser to help bring peace to Lebanon.

There was no indication that Hammarskjold had won any agreement from the President of the United Arab Republic to use his influence with the Lebanese rebels seeking to replace the pro-Western government of President Chamoun with a regime more sympathetic to Nasser.

U. A. R. OFFICIALS said Nasser had reiterated to Hammarskjold his insistence that the Lebanese rebels are getting no aid from his forces and that the Lebanese rebellion is entirely an internal crisis.

Hammarskjold on his return met first with the three heads of the U. N. observers group seeking to check on any infiltration of aid to the rebels from the U. A. R.

Later today he was to see Premier Sami Solh and Chamoun.

Hammarskjold returned as Beirut buzzed with reports of an imminent rebel showdown.

When he leaves, Lebanon will be braced for some kind of big blowoff by rebels who have been holding their fire during his visit.

Hammarskjold was expected to outline his plan after his return to New York Wednesday.

Hoffa Freed In Wiretap Accusation

NEW YORK (AP)—Teamsters President James R. Hoffa and two codefendants were acquitted Monday night of charges that they conspired to wiretap the union's Detroit headquarters.

A federal jury of eight men and four women deliberated seven hours before returning the verdict.

The defendants with Hoffa were Owen B. Brennan, president of Detroit Teamsters Local 337, and Bernard Spindel, a professional wiretapper.

Conviction could have brought a maximum sentence of five years in prison and a \$10,000 fine.

A previous trial ended in a hung jury.

The government contended the trio illegally conspired here to install wiretaps in the Detroit headquarters in 1953 so Hoffa could eavesdrop on union subordinates.

Hoffa allegedly wanted to know what the subordinates might tell to U. S. Senate investigators or a grand jury in Detroit during investigations of the Teamsters.

The defense denied installing any wiretaps but conceded installing other eavesdropping equipment in the union's offices.

Hoffa is still under indictment here on five counts of perjury, growing out of testimony he gave to the grand jury that indicted him on wiretap charges.

Deaths and Funerals

Mrs. Ella Mae Miller

Mrs. Ella Mae Miller, 79, of 1011 Millwood Ave., died at 10 a. m. Tuesday in Memorial Hospital, where she had been a patient for five days. She had been ill for the past year.

Her husband, Harry Miller, died in 1950.

She was born in Iowa but she moved to Washington C. H. from Detroit 14 years ago.

She was a member of the First Presbyterian Church.

Survivors are a daughter, Mrs. M. J. Whitfield, 1011 Millwood Ave.; two grandchildren, Mrs. Charles Wallace, Columbus Rd., and Robert Whitfield, 624 Grace St.; five great-grandchildren; and two sisters, Mrs. Frank Gregory and Mrs. Pat Costello, both of Riverside, Calif.

Services will be held at 2 p. m. Thursday in the Kirkpatrick Funeral Home here, by the Rev. Harold Braden, a former pastor of the First Presbyterian Church here.

Burial will be in Washington C. H. Cemetery.

Friends may call after 2 p. m. Wednesday at the funeral home.

Mrs. George Borders

"KINGSTON — Mrs. Bernice Holdren-Borders, wife of George Borders, died at her home here at 3:50 p. m. Monday after a long illness.

Born in Bloomington and a graduate of Washington C. H. High School, she lived in Kingston for about 20 years. Her husband is a former Kingston school teacher and a onetime superintendent at Bloomington.

Survivors include her husband; a son, Lynn, of Columbus; two grandchildren; and a sister, Miss Pauline Holdren of Kingston. She was a member of the Kingston Methodist Church, the Order of Eastern Star, and the Women's Society for Christian Service.

Services will be at 2:30 p. m. Thursday in the Kingston Methodist Church, with the Rev. Harold Cowdick officiating. Burial will be in Mt. Pleasant Cemetery.

Friends may call at the late residence after 6:30 p. m. Thursday.

Calvin C. Newman

WORTHINGTON — Calvin C. Newman, 72, a former Washington C. H. resident, died sudden at his home here about 6:15 p. m.

A native of Ross County, he spent most of his life in Washington C. H. before moving to Worthington five years ago. He was a retired carpenter.

Survivors include his wife Agnes; three daughters and two sons; and a sister, Mrs. Rebecca Edwards of Greenfield. He was a member of the Seventh Day Adventist congregation in Washington C. H.

Services will be at 2 p. m. Thursday in the Parrett Funeral Home, Washington C. H., with Elder S. A. Yakush officiating. Burial will be in Washington C. H. Cemetery.

Friends may call at the funeral home after 6 p. m. today.

Anti-A-Weapon Parley Booked

TOKYO (AP)—A committee began plans today for a meeting here Aug. 12-20 of the "Fourth World Conference Against Atomic and Hydrogen Bombs and for Disarmament."

Dr. Kaoru Yasui, director general of the Japan Council Against Atomic and H-Bombs and recent winner of a Lenin Peace Prize, said the conference will seek "concrete and actual solutions for the immediate and future of the nuclear weapons problem."

The preparatory committee includes Paul Peachey of the U. S. Mennonite Central Committee.

Wilmington Collegian Nears Citizenship

WASHINGTON (AP)—Fuad E. Kattuah today was a step nearer his goal of becoming an American. The Senate has passed a bill to grant his permanent residency.

Kattuah is 25, a native of Palestine and a citizen of Jordan. He is in his junior year at Wilmington (Ohio) College.

Expenditures for 1959 exceed receipts estimated for 1959 by \$32,249

City School Budget

(Continued from page one)
from \$3,100 a year for qualified teachers with less than three years of experience to \$5,465 for teachers with a master's degree, or above, with 11 years of experience.

Salary increases and the addition of teachers for the new schools now under construction accounted for virtually all of the increase in the 1959 budget.

Operation of the school plant took the next biggest slice of the budget — \$82,714, an increase from \$76,647 in the 1958 budget. This is for salaries of the custodial staff, their equipment and supplies, utilities, insurance taxes and the like.

Maintenance of the school plant was cut from \$23,906 to \$18,700 and transportation was trimmed from \$4,053 to \$2,647.

Other items of the 1959 budget vary only slightly from the 1958 budget.

ANTICIPATED receipts of \$596,762 in 1959 are \$3,416 less than the 1958 receipts.

The general property tax is expected to produce \$314,979 in 1959 compared with \$308,579 in 1958, but a drop of \$9,167 in funds from the state Foundation Program is expected — from \$285,425 in 1958 to \$277,258 in 1959.

The budget will be on file after today in the office of the superintendent, where anyone interested may go in and study it. A public hearing will be held in the superintendent's office at 4 p. m. July 3.

The budget, only tentatively adopted at the Monday night meeting, may be revised if developments at the public hearing warrant, it was pointed out.

AFTER spending more than four hours working on the budget, the board did not discuss at length the prospects for getting a high school principal and two high school teachers, one of whom would double as basketball coach.

Superintendent W. A. Smith said he had sent letters to half a dozen possible candidates for high school principal without success. Those who replied, he said, told him their present salaries are higher than that suggested by the board for the position here.

Senate OKs Sharing of A-Secrets

WASHINGTON (AP)—The Senate, adding two restrictions of its own, has passed a bill to permit greater sharing of U. S. military atomic secrets with Allied nations.

The measure now goes to conference with the House, which rejected any amendments in passing the same measure overwhelmingly last week.

The two changes were proposed by Sen. Clinton P. Anderson (D-NM). One would permit the President to transfer non-nuclear parts of atomic weapons only to Great Britain. The original bill would have authorized them to be sent to any friendly nation.

The other struck out a catch-all section allowing the President to give Allies data on "other military applications of atomic energy."

Anderson said this power was too broad and that it was not clear how it would be used.

The bill would allow transfer to Britain of designs for nuclear weapons, fissionable material to make them, and non-nuclear components of weapons.

To other Allies, the United States could give data on sizes and effects of atomic weapons, reactor designs, and atomic fuels for nuclear-powered submarines and other military power plants.

Coeds Are Billed In Men's Dormitory

KANSAS CITY (AP)—They've moved the coeds in with the men at the University of Kansas.

Women students occupy the fourth floor of the men's dormitory, the men the lower three floors.

The men are separated from the women by special dormitory door locks which, when tampered with, trip an alarm system. It hasn't sounded yet.

Stock Mart Continues Its Slight Decline

NEW YORK (AP)—The stock market continued its moderate decline early this afternoon. Leading issues were down fractions to about a point.

Selected issues advanced a point or so. Among them was American Motors which halted its decline and moved ahead, adding about a point. The stock had declined on word from financier Louis E. Wolfson to the effect he was liquidating his 400,000 shares. The stock rebounded following an announcement from a SEC official that a federal judge has signed an order restraining Wolfson from alleged further violations of the anti-fraud and manipulation provision of the securities exchange act of 1934.

The SEC official said Wolfson and associates were short more than 100,000 shares of the stock when a news item was published saying Wolfson was disposing of his shares. This would depress the market for the stock, the SEC officials said.

Steels, rails oils, rubbers and most chemicals were off but there was little apparent selling pressure.

American Motors was the most active stock Monday when it lost 1/8.

Lorillard resumed upward, adding about a point. American Tobacco gained a major fraction. Vanadium Corp. slashed its dividend to 25 cents from 50 cents and the stock dropped about 2 points.

U. S. Steel's loss of about a point was about the worst among

Carey Council Shuns Land Purchase Deal

WASHINGTON (AP)—Congress went to considerable trouble two years ago to pass a law allowing the village of Carey, Ohio, to buy 14,000 square feet of federal land and a two-room dwelling there.

Now it's going through the same process in reverse.

Carey councilmen, notified they would have to pay \$11,000 for the property, decided they didn't want it any more.

The Senate approved a bill Monday to clear the way for disposal of the property to another buyer.

Cincinnati Produce

CINCINNATI (AP)—Eggs, Cincinnati (cases included), consumer grades, U. S. A. white and brown 41-42; medium 37-39; current receipts (cases exchanged): 28-29; U. S. 2 Mysteries In Economy Under Study

Next Move in Steel, Auto Industries May Affect Pocketbooks

By SAM DAWSON
NEW YORK (AP) — The two big mysteries in industry today — ones that could affect your pocket-book both directly and indirectly — are:

1. What, if anything, are the steel companies going to do about prices a week from today when a higher wage scale goes into effect? Such a cost boost in the past usually has meant higher prices for steel and later for a host of products made of steel.

2. What will happen in Detroit if a new labor contract isn't signed before the auto companies are ready to start turning out the 1959 models? If there's a strike it could be a nasty one, delaying there's a wage-price hike as settlement could make many families take another look at their budgets and at their present aging cars.

The betting is about even that a steel price hike will come fairly early in the summer. Some companies, particularly the small firms, feel they can't absorb the new labor costs for any length of time.

The large companies with their greater financial resources and reserves could put off price hikes for some time. If they do, it will be rough on the smaller ones.

Steel management figures that a boost in wages and fringe benefits totals about 20 cents an hour. Management says that is equal to \$11 a ton more for steel.

But many feel that in view of the uncertain demand for steel after the present rush to beat a price hike subsidies it will be hard for the mills to make more than a \$4 or \$5 price advance stick.

But what worries government and other observers is whether a steel price hike on the heels of the wage increase will be a signal for a general wage-price spiral again throughout industry and trade. In time such a fillip to inflation would hit everyone's pocketbook.

The present hesitancy of the large steel companies to say what they are going to do about prices might be based on such a consideration.

TB Cow Slaughtering Fund Being Requested

COLUMBUS, Ohio — Gov. C. William O'Neill has asked the Emergency Board to release \$9,000 so the state can pay farmers for cows slaughtered because they had tuberculosis.

The state indemnifies farmers for one-third of the value of slaughtered tubercular cattle.

The state now owes \$4,093 for cows killed in the last few months and O'Neill estimated an extra \$5,000 will be needed by the book-keeping year ending June 30.

KIDNAPED BOY REUNITED WITH PARENTS — Joel Reitman, 2½, seems oblivious of all the kidnap fuss as he is reunited with his parents, Cyril and Dorothy Reitman, as they picked him up in Ottawa, Ont. He had been taken from their Montreal. Que., home by a maid, Greta Goede, 46, and stashed in home of an Ottawa taxi driver who didn't know the boy was missing. A \$10,000 ransom, left according to instructions, never was picked up. (UPI Telephoto)

It Takes 2 to Really Enjoy Retirement, Husband Says

By DOROTHY ROE
Associated Press Women's Writer
It takes two to tango, and two to enjoy most of the other pleasant things of life.

This is a conclusion reached by an American husband who quit work 25 years ago and has spent the time since discovering the endless wonders of the world in company with his wife.

"When a man and woman get married, they look forward to companionship for the rest of their lives," says Charles B. Darrow of Cedarrows Farm, Bucks County, Pa.

"But too often the man gets so involved in the pressures of business that his wife rarely sees him — and when she does he is too tired to talk."

"When fate made it possible, I decided to spend the rest of my life enjoying the companionship of my wife and family, and I have never regretted that decision."

The event that made this idyllic life possible was Darrow's invention of the game Monopoly, which since has sold 20 million copies and made Darrow a millionaire. When the great American depression hit bottom in the 1930s he was out of a job and flat broke. His wife was expecting a baby and there was no money for doctor bills. So the Darrowes started playing games — and the result was the game which has outlasted most others in history.

At first Darrow made the games by hand and marketed them. Then he sold the patent and retired to live on his royalties.

The Darrowes now live on a 300-acre farm where they raise orchids and make color movies for fun. They have two sons and two

grandsons and every year they take a trip together to a different country.

"We have a wonderful time whenever we go," says Darrow. "Mrs. Darrow looks for rare orchid specimens to bring home and I take color movies."

Darrow was in his middle 40s when he struck it rich. Now he is approaching 70 and says:

"One thing everybody should realize is that the later years of life can be the happiest — if there are two of you to enjoy them together."

The south magnetic pole is located in South Victoria Land in the Antarctic.

Auto Output Totals Drop

'58 Production Down Million Units from '57

DETROIT (AP) — Passenger car output for this year's first six months will total slightly less than 2½ million units. In the first half of 1957 the industry built 3,358,976 cars.

The industry built a few more cars last week than in the preceding week — 82,969 units against 78,163. In the comparable 1957 week 118,805 cars were built. So far this year 2,139,485 cars have been made compared with 3,245,595 in like 1957.

General Motors produced 43,837 cars last week against 43,453 the preceding week and 55,612 in the comparable 1957 week. To date this year GM has made 1,174,117 cars compared with 1,488,694 in like 1957.

Ford Motor Co. assembled 8,870 cars last week against 18,700 the preceding week and 32,349 in the same 1957 week. Its output so far this year totals 560,986 cars compared to 978,911 in the same 1957 period.

Chrysler accounted for most of last week's increase with 15,050 car assemblies against the preceding week's 11,911. In the like 1957 week it built 27,562 cars. So far this year Chrysler has made 298,454 cars against 690,211 in the same 1957 period.

State Mental Health Group Given Credit

CINCINNATI (AP) — Charles Sawyer of Cincinnati, president of the Mental Health Federation, Inc. of Ohio, has received word that the National Association for Mental Health Inc., has granted the state group full divisional status.

The state group now will put its program for care of treatment of the mentally ill and the dissemination of information on the subject into operation.

Sawyer said the executive committee and directors of the state federation will meet here Friday and Saturday to form its program for the coming year.

Barry Nelson Back 'Home' After 18 Months in London

HOLLYWOOD (AP) — Barry Nelson thought he detected some sympathetic glances from his co-workers when he returned for a TV show recently.

"I could just feel them thinking, 'poor Barry, he hasn't been working lately,'" he laughed.

As a matter of fact, Barry Nelson has been working steadily for 18 months and enjoying one of the biggest successes of his life. He drew raves for his performance company of "No Time For Sergeants." Although he was signed for only six months, he extended his stay twice because the show was such a hit.

"But try and tell that to people in Hollywood!" he sighed. "They think because they haven't seen you on TV or in pictures that you've been out of work."

Barry is now back to repair his fences. He's up for some film roles and will take them only if they seem important.

"I'm doing too well in TV and on the stage," he explained. "If you allow yourself to get into a B-picture rut, you endanger your career in other mediums."

"For that reason, I've done only one picture in seven years. That was 'The First Traveling Saleslady' with Ginger Rogers. It sounded like a good project at the time. But it turned out to be the picture that opened and closed RKO. How are you to know?"

Still, he's not afraid to take chances, as he did with "No Time For Sergeants." He was playing a different kind of a role for him and in a strange country. What's more, the show seemed doomed at the start.

"We were sticking our necks out

with an American play, star and director," Barry commented. "To top it off, the London papers were full of a blast that Helen Hayes had leveled at the British theater. They were highly indignant."

Despite the hazards, the play was a smash. Barry decided to stay with it even though he knew his Hollywood career might suffer.

"I couldn't miss the opportunity of living over there and doing a show," he said. "It is getting increasingly difficult for American actors to play London. I was, the only American in the cast."

A vast rain forest encircles the earth between the tropics. It extends across northern South America to northern Australia. Half of the continent of South America is covered by this forest belt.

IT'S SO EASY TO PLACE A WANT AD.

Lawrence Countain Given Aid on Appeal

CINCINNATI (AP) — A U.S. District Court jury has awarded James Edward Hubbard \$16,542 for 5.9 acres of land he owns in Union Township, Lawrence County, and which the county wants for

a sewage disposal plant. Hubbard sought \$39,000 but the county commissioners and the county courts allowed him only \$5,000 to \$7,000.

This is Texas Eastern...

12 trillion cubic feet of gas on tap for tomorrow

More than 12 trillion (12,158,200,000,000) cubic feet of natural gas — under contract in hundreds of oil and gas fields — represents, as of now, Texas Eastern's reserves for the future. It is a figure that is continually being revised — upward — and for good reason.

New oil and gas fields are constantly being discovered to keep pace with ever-increasing demand for this clean, economical fuel.

Back in the company's first year, 1947, when deliveries amounted to a modest 40 billion cubic feet, reserves were estimated at 2.336 trillion cubic feet.

Today, with annual sales topping 500 billion cubic feet, reserves exceed sales by more than twenty to one.

These reserves are located in oil and gas fields in the picturesque parishes of northern and southern Louisiana, in historic East Texas... offshore in the Gulf of Mexico... in the prolific fields of South Texas... and across the border in northern Mexico.

And as new fields are found in Texas Eastern's pipeline area, gas is contracted for to meet today's needs, and tomorrow's, and those 20 years distant.

As demand has grown, Texas Eastern has widened its search for new and better natural gas sources. With what is now under contract — and what we can be certain of acquiring in the future — you can be sure that you will be able to cook with gas for a long, long time.

Are We Overlooking Our Northern Friend?

Probably our neighboring country of Canada, where so many Fayette County people go in the summer months for fishing or other types of vacationing, has some reason for feeling a little touchy toward the United States but not many of the people in this country fully realize that such a situation exists.

Most of the visitors to Canada, at least those from this immediate area always have expressed pleasure over the hospitality they received when they made trips up there.

However within the past few years there has been some criticism from officials of this neighboring country that cannot go unnoticed. Most of us have seemed to feel that the considerably amount of money which our tourists spend there was a special source of Canadian friendliness toward us, and probably it is, but there seems to be an undercurrent that we take too much for granted as to Canada's attitude. With the world situation in its present militant and nervous attitude, maybe we are overlooking something.

Some observers are telling us that the United States, while attempting to mend its political and diplomatic fences in nearly every part of the world, has been neglecting our friend to the north.

Just recently Lester B. Pearson, leader

of the Canadian Liberal Party and winner of a 1957 Nobel peace medal, thinks we are. Speaking at the Vassar College commencement, he said Canada is somewhat sensitive about being overlooked by the United States.

He told graduates that Canada is a vigorous and free country, a friend and neighbor of this nation. But, he said, a surging feeling of national pride has made Canadians somewhat annoyed about slights when action is taken by this nation which hurts Canada, especially in the field of trade and economics in which U. S. — Canadian destiny is closely linked, as it is in the field of survival.

Pearson, acknowledging that at times Canada's source of worry is that "Big Brother" U.S.A. is not watching her, himself sounded like the big brother offering good advice. Few countries today are of greater importance to the United States than Canada, nor is there any which has been a better friend. The United States has made mistakes in the past, and will make others in the future, but one of them should not be the neglect of Canada.

It would be a grievous error for this nation to put Canada on the other side of the fence in external affairs or to take her for granted in politics. The words of Mr. Pearson were well-spoken and should receive proper attention in this country.

The Cow -- Nature's Lawnmower

By Hal Boyle

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That the cow is nature's lawnmower. In a single day a cow can crop a strip of grass four inches wide and a quarter of a mile long.

That Americans are getting older as a people. In 1870 half the population of the United States was under 20 years old. Today only a third are minors.

That it really pays to keep your eyes open. Psychologists estimate that 80 per cent of our knowledge is gained through the sense of sight.

That it can be dangerous to drive while smoking. Even a single cigarette can impair visual efficiency through increasing the content of carbon monoxide, instead of oxygen, in the bloodstream.

That bellhops walk at least

twice as far as housewives during the day. A survey at the Hotel Edison here disclosed the bag toters average a mile on foot every working hour.

That this may be a sign the recession is on the downturn: Hotels report guests have been staying fewer towels lately.

That the United States has more trucks than all the rest of the world combined.

That Benjamin Franklin really proved "necessity is the mother of invention." He invented bifocal glasses at the age of 78.

That if you take tranquilizers, you may be interested to know that they have been labeled as "potentially habit forming" by the World Health Organization's Committee on Addiction-Producing drugs.

That U.S. prisoners who have lost the right to vote suffer taxation without representation. They

still must pay taxes on any income they receive while in prison.

That one of the big obstacles to improving the world is the fact that from 45 to 55 per cent of its population is still illiterate. The continent with the highest illiteracy—80 per cent—is Africa.

That Denmark is the country with the oldest national flag. It has been waving since 1218.

That in Kansas it's illegal to catch fish with your toes.

That a phonograph needle vibrates up to 10,000 times a second—faster even than a bee's wing.

That a New Orleans church installing air conditioning reported a 44 per cent increase in attendance.

That it was Cervantes who observed: "He that is down today may be up tomorrow, unless he has a mind to lie abed."

Japan-U. S. Trade Problems

By George Sokolsky

Japan's problem is the same as that of many other nations, namely, that Japan has goods to export and the United States is the best market. As long as the United States remains the best market for manufactured goods, it will attract dumping; how long that will be so is dependent upon two circumstances:

1. How many Americans are employed in the United States;

2. How much the American dollar is worth.

If five or six million Americans are out of work, partly because too much goods is being imported from other countries, this market will, after a while, not be so good for the exporter; if the American dollar continues to drop in value, Americans will be forced to take steps to protect their economy.

At any rate, from the press agents for the Japan External Trade Recovery Organization comes a bulletin entitled "Jetro," and in it is a statement by Harold F. Wendel, President of Lipman, Wolfe & Co., which is described as the major department store of Portland, Oregon. Mr. Wendel, according to this press agent, makes the original remark:

"America may lose Japan as an ally unless we can expand our trade with that country."

That was true, to my certain knowledge as early as 1915 and is true today, except that the march of invention has practically eliminated Japan's principal export, silk, which was exchanged in this country for cotton. Silk was a splendid product for Japan to export to the United States because we made none of our own and our women consumed huge quantities of it. It was a product which Americans never sought to make although there was a raw silk industry in Italy and France. Then came rayon, nylon and all sorts of synthetic products which our women prefer to silk, particularly as stockings, and the silk industry in Japan suffered even before war obliterated the American market.

The result of this change in the market is that Japan must sell us goods which we ourselves grow

and make. At one time, Japan practically had a monopoly of the camphor market of the world, but today synthetic substitutes for camphor abound. Japan's exports tend more and more to be manufactured goods.

Actually, the United States is a very poor market for Japanese exports, except the muck and truck trade, meaning small items made in small factories and home industries. Such goods also come from Germany and Czechoslovakia. The very best market for Japanese exports is China, including Manchuria, and it was to hold this market that Japan went to war against China twice and Russia twice. It would have been sounder, from an economic as well as historic standpoint, if Japan rather than Soviet Russia had conquered China, if China had not been conquered at all. But the geniuses who presided over American policy in the Roosevelt administration preferred communist Russia to

capitalistic Japan, with result, that in the year 1959, Harold F. Wendel of Portland, Oregon, can repeat the old refrain that "a country's loyalties will undoubtedly go where her economic interest lies."

In a word Wendel believes that Japan will be forced to join red China and Soviet Russia in order to sell her goods on the continent of Asia which needs Japanese goods. And he is correct. The United States actually does not need what Japan makes, but American merchants buy in Japan because of the price factor. Japanese goods are cheaper because Japanese wages are lower, the standard of life is lower, and the people work harder than ours do.

The fact that the United States is the best market means that this country is beset by the political problem of keeping its allies sweet while at the same time keeping Americans at work. Japan, for instance, offers bicycles, motorcycles, cameras, sewing machines, precision instruments, electronic tools of various kinds—all of which are also made in the United States at higher wages, higher costs and higher taxes.

The press agents add Japanese beer and Scotch whiskey, with both of which I am familiar. If one drinks Scotch whiskey, I recommend the kind that comes from Scotland.

Ultimately, Japan will have to build a market in China, India, Indonesia, etc. The plan to build Japan's principal market in the United States is as impractical today as it was in the first two decades of the twentieth century.

Veteran's Seniority Rights Are Denied

WASHINGTON (AP)—The Supreme Court has ruled the Selective Service Act does not compel an employer to restore a returned veteran to a promoted position in a seniority capacity he might have achieved had he not gone into the armed forces.

Justice Frankfurter delivered the 7-2 ruling. Justices Black and Douglas dissent.

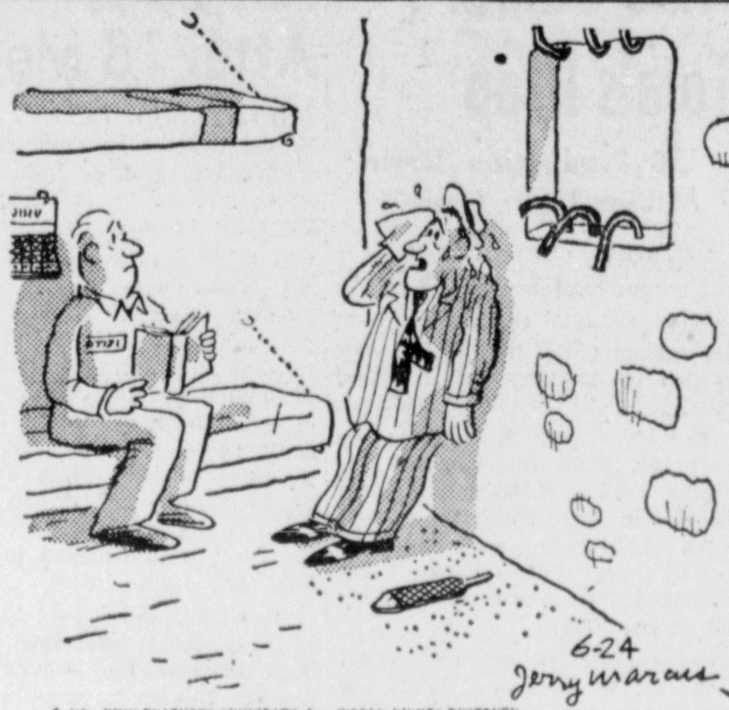

The decision was in the case of Henry T. McKinney, who before induction was employed by the Missouri and Texas Railroad.

Democratic Caravan To Tour 7th District

COLUMBUS (AP)—The "Democratic Victory Caravan," a motorcade of key Democratic officials, will travel through Ohio's seventh congressional district July 8 in the first of several campaign tours throughout the state.

Democratic state headquarters said all party candidates for state office will take part in the tours.

Laff-A-Day

"The cost of living is terrible out there!"

Diet and Health

Infection of the Skin That Anyone May Get

By HERMAN N. BUNDESEN, M. D.

EVEN though you have probably never heard of it, moniliasis is a universal infection. Several epidemics have been reported in the past.

This is an acute or subacute infection of the skin or mucous membranes caused by a yeast-like fungus. Generally, it is localized on the skin, the mouth, nails, lungs, bronchi or vagina. Sometimes it even invades the bloodstream.

Excessive Perspiration

I think a discussion of moniliasis is especially timely since it often occurs among persons who perspire excessively. Housewives, bakers, waiters and others whose work keeps their hands in soap and water frequently are also good candidates for this type of infection.

Weakened persons, those with improperly fitting dentures and infants might develop moniliasis of the mouth.

Diabetes and pregnancy often are factors in development of vaginal infection.

When the infection occurs in the mouth, it produces creamy white patches.

How It Starts

Inflammation of the nails starts with painful, reddened swellings. As the infection progresses, the nails become thickened, hardened and generally develop grooves. Eventually they usually become brownish.

(© 1958, King Features Syndicate, Inc.)

In severe cases of moniliasis, the skin might develop lesions resembling eczema.

Bronchopulmonary moniliasis usually is very mild. It will cause a slight fever, a general feeling of uneasiness and coughing. Severe pulmonary infections can be fatal.

As in most diseases, the underlying causes must be determined and treated as general therapeutic remedies are being carried out.

For the Mouth

Oral lesions generally respond to alkaline mouthwashes such as one made from sodium bicarbonate, peppermint water and distilled water or dilute solutions of gentian violet.

Your physician will probably advise you to soak any skin lesions in a potassium permanganate solution three times daily.

Usually, this is followed by an application of a one per cent solution of gentian violet or a five per cent ammoniated mercury ointment.

QUESTION AND ANSWER

A. W. M.: My son, who is 13, has a deviated nose septum. Is he too young to operate on?

Answer: If your son's symptoms are severe enough, and if the operation has been recommended by your physician, it should be done.

Try and Stop Me

By BENNETT CERF

ONE OF THE PRETTIEST members of a stenographer pool reported for work with a stiff neck and a very sore arm—both developed, she explained, as the result of holding hands at a drive-in theater. "I don't understand," admitted her superior. "Let me complete the picture," suggested the stenographer. "We were in different cars."

A wealthy but not over-bright widow was introduced to the mystery and excitement of playing the stock market, but after dabbling for some months, she had this complaint to register with her broker: "It seems that every time there's talk of a panic, every stock I have goes down!"

Stingiest character in a brokerage house was the cashier. His secretary's thumbnail description: "My boss has worn the same suit so long, he's been in and out of style four times without knowing it!"

The Nation Today

James Marlow

WASHINGTON (AP)—This is a tale of how two men got into trouble by saying what they thought.

Everybody agrees that in a democracy military commanders must be controlled by civilians. But it raises a nice question: What civilians?

For instance: the military commanders are subordinate to their civilian superior, Secretary of Defense McElroy.

But Congress is jealous of its right to question military commanders, even if it means they publicly disagree with McElroy and try to defeat his ideas.

When President Eisenhower asked Congress to permit him to reorganize the Defense Department, the House passed a bill giving him pretty much what he asked.

But it made a couple of exceptions. This was one:

If McElroy wanted to abolish some functions of one branch of the service or transfer them to another branch, then the chief of staff of the Army, Navy or Air Force — all under McElroy — could protest to Congress.

And, under the House-passed bill, Congress could repeal McElroy's order. Neither McElroy nor the Eisenhower administration liked this arrangement.

So, when the bill moved over to the Senate, McElroy asked the Armed Services Committee to knock out this section of the House bill.

But then the committee called on Adm. Arleigh Burke, chief of naval operations, for his views. They were contrary to McElroy's.

He said, in effect, that if McElroy wanted to take away some function of the Navy, and Burke thought it bad for the country, he wanted to be free to tell Congress so.

This opposition from Burke caused McElroy to tell reporters: "I am disappointed in him (Burke), regard it as regrettable."

Would this end Burke's career? McElroy said "I have no plans to have his position changed" but "I am not the only one responsible for his future."

This could be interpreted as meaning Eisenhower, the only one above McElroy responsible for Burke's future, might punish the admiral.

McElroy hurried to deny the next day that he had any intention of rebuking Burke.

"The secretary can be disappointed, and he can regret parts of an officer's testimony without it being anything more than that," he said.

From far out in the Pacific, Vice Adm. Austin K. Doyle, commander at Formosa, backed up

Burke, said he thought he was sticking his neck out for saying so, and announced he was shocked at McElroy's criticism of Burke.

Then McElroy got hit by Sen. Richard B. Russell, Georgia Democrat, chairman of the Armed Services Committee, and one of the most powerful men in Congress. He said a couple of things:

1. That McElroy's criticism of Burke for telling Congress what he thought was proof Congress must preserve the right to "receive the unbiased professional judgment" of this country's military leaders.

2. That "the clear implication in the secretary's statement that the Joint Chiefs must conform or the totalitarian concept of government than with our free government of divided powers."

That wasn't all. Russell called off any more testimony by military men on Eisenhower's reorganization plan until he gets assurance from McElroy they won't be punished for saying what they think.

Save Your Valuable Rugs and Furnishings

Soil free carpets and upholstery wear longer. We recommend frequent cleaning with easy to use, Blue Lustre.

The swift action of this new miracle foam works equally well on wall-to-wall carpets, fine oriental rugs or upholstery. Bright original colors gleam like new. Blue Lustre is easily applied with a long handle brush, leaving pile open and lofty. No residue remains to cause re-soiling. Very economical too, as ½ gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.

Mrs. Hanes Entertains With Dinner Sunday

Mrs. Gertrude Hines entertained Sunday afternoon with a family party in dinner at her home in Jeffersonville.
The occasion marked the birthday of Mrs. Hines and her son, Leo, of Cincinnati.
Tables were arranged on the lawn where the dinner was served.
Informal visiting, viewing pictures and playing cards were enjoyed throughout the afternoon.
Guests were Mr. and Mrs. Max Groves and children, Bobby and Terry, of West Jefferson; Mr. and Mrs. James Lindsey and children, Donnie and David, London; Mr. and Mrs. Johnny Long and children, Carol, Janet and Bobby, and Miss Shelby Jean Long, all of Pleasant View; Mr. and Mrs. Clifford Hines and daughters, Debbie and Connie, and Mr. and Mrs. Dean Barton and children, Carol, Pamela, Patty and Michael, all of Bloomingburg; and Mr. and Mrs. Robert Jerdine and son, Gregory, of Dayton.

Personals

Mr. and Mrs. Maurice Moyer and daughter, Diana, of Bucyrus, were weekend guests of Mrs. Moyer's parents, Mr. and Mrs. Jasper Crampton, and Mr. Moyer's parents, Mr. and Mrs. Hazel Moyer. They came especially to attend the 1938 class reunion which was held in the Country Club Saturday night. Mr. Moyer was a member of the class. Their daughter remained with her grandparents for a longer visit.
Mrs. Gene Hard and children, of Tucson, Ariz., are visiting here with Mr. and Mrs. Frank Hard and family.
Mr. and Mrs. Haines V. Reichel of Elyria, and Mrs. Kenneth G. Holcombe of Walnut Creek, Calif., were weekend guests of Mrs. Charles Drais, 836 S. Main St. They came especially for the 1938 class reunion in the Country Club. Mrs. Reichel and Mrs. Holcombe were former residents of Washington C. H. Mr. and Mrs. Harry Lockwood of Chillicothe were also Sunday guests at the home of Mrs. Drais.
Mrs. Roy Lunbeck of Tucson, Ariz., is visiting her sister-in-law, Mrs. H. M. Turnpseed, and other friends and relatives here.

Local Women Plan to Attend Church Meeting

On Wednesday afternoon at Purdue University, Lafayette, Ind., over 5,000 women will assemble at the fifth quadrennial meeting of the Presbyterian Woman's Organization. The meeting is from June 25 through July 1.
Mrs. John Sagar Sr. and Mrs. Ormond Dewey will represent the local Presbyterian Church.
Mrs. Dewey is also a voting delegate and represents the Presbyterian Society of the Columbus Presbyterian Church as its president.
Delegates from churches in this country and overseas will attend this week-long meeting. Overseas guests and fraternal workers will come from churches in Egypt, Brazil, Czechoslovakia, Cuba, Alaska, Chile, Mexico, Indonesia and Cameroon, West Africa.
Doctors, nurses, administrators and teachers will be there to represent the National Missions work of the church.
Inspirational talks by the leaders of the church will highlight the meeting, including daily lectures on the theme of the quadrennial, "Lord of All," delivered by Dr. Eugene Carson Blake, Stated Clerk of the Church.
At this meeting will be representatives of Presbyterian Societies of the United Presbyterian Church of North America which last month united with the Presbyterian Church in the USA to form The United Presbyterian Church in the USA.
The newly elected executive committee, representing the woman's organizations of both churches, will meet at the conclusion of the national meeting of the first official gathering of the United Presbyterian Women.
Highlights of the meeting will be adoption on July 1 of a Charter for Christian Action, which was developed out of a study made by 4,000 groups of church women during the past year of problems facing the church locally, nationally and world-wide.
Fifty-two delegates from the Presbytery of Columbus will be in attendance.

Mrs. Schlichter Honored with Layette Shower

Mrs. Dan Schlichter (Linda Shelley) was the guest of honor at a layette shower given by Mrs. Ray H. Jinks in her home on the Chillicothe Rd. Mrs. Charles Crone was a co-hostess.
Lovely arrangements of summer flowers were used throughout the home.
The gaily wrapped packages were placed in a child's play pen which was decorated in a pink and green color scheme.
The guest of honor, upon opening her gifts, graciously thanked each guest.
A dessert course, in which the pink and green color scheme was carried out, was served. Little Miss Cynthia Bean and Master Tommy Shelley of Sabina assisted Mrs. Jink and Mrs. Crone in the hospitalities.
Cleverly arranged contests were enjoyed with prizes being won by Mrs. Arthur Schlichter, Mrs. Harry Shelley and Mrs. William Bean. They in turn presented them to the guest of honor.
The invited guest list included Mrs. Gray Creamer, Miss Mary Ann Creamer, Mrs. Frank Cannon, Mrs. Charles Shoemaker, Miss Anna Lee Shoemaker and Mrs. Frank Creamer of Xenia; Mrs. Hubert Shelley, Mrs. Raymond Shelley, Mrs. William Bean, Mrs. Alva Shelley and Mrs. Paul Shelley, Sabina; Mrs. Arthur Schlichter, Miss Rise Schlichter and Mrs. Max Schlichter of near Cozy Corner; and Mrs. Marion Wilson, Mrs. Lewis Ramsay, Mrs. Harry Shelley, Mrs. Frank Pope and Mrs. George Shelley of Washington C. H.

1938 WHS Class Celebrates Reunion in Country Club

The 20th anniversary reunion of the Washington C. H. High School graduating class of 1938 was held in the Country Club Saturday night with 108 members and guests there.
They were welcomed at the door where they received name tags which were pinned to their shoulders. Stapled onto each tag was the graduation picture of the class members taken from the "Sunburst" of 1938. They were also given paper and pencil and asked to collect as many autographs as possible from members in attendance.
During the punch hour, there was visiting and viewing pictures and clippings which were placed on a large bulletin board. Letters from those unable to attend were also on display.
Preceding the serving of the tempting dinner, the invocation was given by Mr. Willard Armbrust.
A surprise birthday greeting was sung to Mr. Ralph Hyer, a class member.
Mrs. Ralph Hyer introduced Mr. James Schwartz, master of ceremonies, who presided for the remainder of the evening.
Mr. Schwartz paid tribute to the five deceased members of the class: Miss Marjorie Self, Mr. Roy Little, Mr. Harold LeFever, Mr. Maurice Thornton and Mr. Richard Ankrom.
He humorously recalled incidents of past school days and called on various members and teachers to stand while he refreshed their memories.
Mr. Schwartz then asked all women class members to stand and make a circle of the room and return to their places, after which he announced he had appointed judges to select a Homecoming Queen for the class.
The football captain of "38," Mr. Eugene Alkire, then brought out of hiding the one chosen "Frances" Weade. She was attired in teenage clothes, long hair and very much resembled Mr. Frank Weade.
Presentation of humorous awards followed with Mr. Thomas Harper winning for traveling farthest by air; Mr. Louis Duckwall, farthest by auto; Mr. Willard Armbrust, having the most children; Mrs. Helen West Travis, married the longest; Mr. Joe Flowers, the worst case of falling hair; and Mr. Rolland Chase, securing the most autographs. Other prizes were awarded to Mrs. Eugene Alkire and Mr. Ralph Murdock.
Before closing, Mr. Schwartz hit a serious note, stressing the importance of abiding by the class motto, "Aim High and Hold Your Aim."
Teachers attending were Mr. Karl Kay, Mr. and Mrs. Howard Maurer, Mrs. Ed Fite, Miss Sara Durnell, Miss Gladys Melson, Miss Marjorie Evans, Mr. Clyde Creamer, Miss Jane Durant, Miss Helen Hutson and Mrs. Carl Meriwether.
The club was gaily decorated with garden flowers and pastel candles. A silver coated "Class of 1938" was placed on the mantel.

Shower Honors Miss Martin

The Misses Peggy Sollars, Janet Anderson and Connie Garrison combined hospitalities to honor Miss Betty Martin, bride-elect of Mr. Loy Overly, with a personal bridal shower in the home of Miss Garrison.
A pink and white color scheme was used for the attractive decorations.
The gaily wrapped packages were placed on a table centered with a miniature bride doll.
Later in the evening a dessert course was served by the hostesses.
Guests attending the gala affair were Mrs. Thomas Martin, Mrs. E. F. Overly, Mrs. Jake Smith, and the Misses Lida Grace Wissler, June Overly, Judy Butcher, Susan Sullivan, Jeannie Cupp and Peggy Garrison.

Martin-Overly Wedding Plans Are Completed

Miss Betty Irene Martin and Mr. Loy Lee Overly have completed plans for their open church wedding Friday night.
The bride-elect is the daughter of Mr. and Mrs. Thomas Martin of the White Rd.
Mr. and Mrs. E. K. Overly of the Eymann Rd. are the parents of the prospective bridegroom.
The double-ring ceremony will be performed by the Rev. Eugene Frazier of Columbus, assisted by the Rev. Harold Huges, in the Maple Grove Methodist Church at 7:30 o'clock.
A half hour program of traditional nuptial music will be presented by Mrs. Herbert Hoppes, pianist, and the Rev. Mr. Huges, soloist, preceding the ceremony.
Miss Martin has asked Miss Connie Lou Garrison of New Holland to be her maid of honor.
Bridesmaids will be Miss Peggy Jane Sollars, Greenfield, Miss Janet Elaine Anderson, Good Hope, Miss Peggy Lee Garrison, New Holland, and Miss June Kaye Overly, sister of the bridegroom.
Mr. David Lowell Overly will be his brother's best man.
Guests will be seated by Mr. Glenn Overly, another brother of the bridegroom; Mr. James Sullivan, Xenia; and Mr. Roger Osborne and Mr. Jay Bonecutter of Good Hope.
A reception will be held in the home of the bride's parents immediately following the ceremony.

Jean Waterman, Springfield, and Mr. and Mrs. Frank Baker, Chillicothe.

VFW Auxiliary Installs Officers Sunday Night

Institution of the reinstated Ladies Auxiliary to the Veterans of Foreign Wars, O. E. Hardway Post No. 3762, was held Sunday night in Memorial Hall.
The 12 charter members being installed and the respective offices to which they were elected and appointed were Mrs. Margaret McCoy, president; Mrs. June Newton, senior vice-president; Mrs. Betty Wilburn, junior vice-president; Mrs. Joan Matson, secretary; Mrs. Bessie Daugherty, treasurer; Mrs. Josephine Bainter, conductress; Mrs. Violet Reed, guard; Mrs. Doris Campbell, Miss Dortha Webb and Mrs. Katie Penwell, trustees; and Miss Nancy Newton, Miss Kay Bainter, Mrs. Penwell and Mrs. Campbell, color bearers.
Mrs. June Runnels, chaplain, was not present.
The VFW Auxiliary was instituted by the District 11 officers: Mrs. Carole Schaffner, president; Mrs. Louise Crane, Mrs. Helen Reeb, Mrs. Jeanette Eger, Mrs. Mary Ann Lang, Mrs. Ada Lutz, Mrs. Mary Walker, Mrs. Roxie Ray, Mrs. Edna Wolford, Mrs. Emma Geffert, Mrs. Clara Landerville, Mrs. Mildred Burnside, Mrs. Elva Woolard and Mrs. Martha Reel.
The auxiliary decided to hold its meetings on the evenings of the second and fourth Sundays of each month at 8 p. m. in Memorial Hall.
Following the impressive ceremony, a chicken dinner was served buffet style.
The chicken was fried by Mr. Ed Bainter, commander of the O. E. Hardway Post No. 3762.
All women who are interested and eligible to be a member of the VFW Auxiliary are to contact one of the officers.
To be eligible you must have had a father, husband, brother or you must have been a member of the Armed Forces who have had foreign service in time of war or during a campaign. You must be 16 years of age and a citizen of the United States.
For brides: When you're cracking an egg by giving it a sharp knock against a bowl rim, try to air that crack for the middle of the egg shell! Then, if you want to separate the yolk from the white you'll have two even shell halves with which to work.

Surge of College Enrollees Coming

COLUMBUS, Ohio (AP)—When many of the youngsters entering first grade this fall go to college in 1970, enrollment in Ohio's colleges and universities will swell to at least 250,000.

That's the prediction of the Ohio Commission on Education Beyond the High School. If it comes true, it means a gain of almost 100,000 students in the next 12 years.

The figures are part of the commission's complete report—the summing-up of periodic reports during recent months—issued Monday.

Included is a count made last October showing 154,618 students enrolled in the 41 privately financed and church-connected colleges, six state and three municipal universities in the state. Of the 154,618 about 62 per cent—96,133—were recorded as full-time students.

In its report, the Commission tells what it thinks ought to be done to get ready for the surge of college enrollees, and suggests a temporary nine-member commission—serving until 1961, without salary—to press for its goals. These include:

Tougher college entrance requirements, higher teacher salaries, more branch colleges and establishment of two-year colleges and technical institutes, more state aid to municipal universities and development of a statewide educational television network.
"The three-quarters of a million youngsters born in the past three years in Ohio should convince us that providing adequate educational facilities for these children when they attain college age is a task that must be started now," the report declared.

Cincy Bond Issue OK'd

CINCINNATI (AP)—The City Board of Education has approved a \$12 million bond issue for building schools and a budget for 1959 of \$27,100,500.

Inheritance Tax Zooms

COLUMBUS (AP)—Ohio has collected more than \$9 million in inheritance taxes this fiscal year. That's an all-time high.

Small fry delight: Peanut butter spread on toast or plain bread and topped with slices of ripe banana. Good on raisin bread, too.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. PASTEREETH, an improved powder, sprinkled on upper and lower plates holds them firmly so that they feel more comfortable or feeling it's alkaline (non-acid). Does not sour. Checks "plate odor." (denture breath). Get PASTEREETH today at any drug counter.

Begonias and Fuchsia For Shaded Window Boxes

Tuberous begonias and fuchsia are about the only two blooming plants that do well in the shade. Both are larger in size than most window box plants and it does not take many of them to fill the box with a riot of color.
The supply is limited, but until sold out we have FUCHSIAS at 49c and TUBEROUS BEGONIAS at 97c.

TV Admits Silent Censor

Sponsor's Product Given All Breaks

NEW YORK (AP)—On a recent television thriller, the victim met his end by stove gas. The turn of events came as a great surprise to the author of the show who had painstakingly figured out murder by means of a live electric wire.

As it happened, the rewrite of that portion of plot was no reflection on the writer's ingenuity. It was just that the sponsor of the show happens to be the manufacturer of electric household devices.

In the planning of every sponsored, live television show there is some responsible soul, employed by an interested advertising agency, who is constantly on the lookout for untoward situations.

"You are so accustomed to checking scripts against clients' products that you don't even think much about it," says one agency program supervisor. "It's a built-in protection."

Thus some interesting changes and arrangements are made. In one show, it was necessary to show a number of closeups of a robber's getaway car, so close that it would be easy to identify the make of vehicle. The interested advertising agency had clients who manufacture automobiles, even though they were not sponsors of that particular show. The getaway car was chosen very carefully: a four-year-old model of a car handled by a rival agency. The theory was that a nice car is used by nice people.

It is perfectly all right to hit a comedian in the face with a pie on a program sponsored by a pharmaceutical house selling pills, all other conditions being complied with. It is strictly banned, however, in shows sponsored by a big food specialty manufacturer whose products include pie filling mixes and a pie crust mix. When pies are shown on their time, they want them taken seriously.

Beer manufacturers don't like drunk scenes; linoleum manufacturers don't like shots of people slipping; airplane people hate plane crash dramas and so it goes all the way down the line.

The people who watch for these things also have the job of seeing that clients' products are used whenever possible. When a kitchen equipment manufacturer's show has a scene in the kitchen, it is carefully decked out in the nicest examples of the sponsor's product. One TV-wise manufacturer has on hand examples of its

CANADIAN AMAZON—As a fellow soldier looks on in awe, a Canadian Army Pvt. Marie Depree, 21, of Burnaby, British Columbia, does a little weight-lifting as she trains in Montreal, Canada, for her specialty—the discus throw. At left she gets ready for a championship toss. Miss Depree is six feet, three inches tall and weighs 195 pounds. She is a potential contender for world honors in the 1960 Olympics. (Central Press)

Ingrid Bergman Is Happy

(AP)—Ingrid Bergman sat on the side of a Welsh mountain sewing a pair of her son's pants.

"You know," she said reflectively, "I can't get over it. I never can. I mean—what a wonderful way this is to make a living."

With the hand that held the needle, she pointed to the scrambling activity of several hundred human beings in the valley.

"Look at all those people and all that equipment. They're going to all that trouble and spending all that money just so someone can take a closeup picture of me."

She smiled self-consciously. Then her eyes returned to the trousers of Roberto Rossellini Jr., aged nine. A few more stitches and she looked up again.

"All children are great actors. And, most actors and actresses are children. We're just playing, really. Just as we did when we were children."

In the picture she portrays

obscene models so that, if the scene is laid in 1935, its own product can still be correctly shown.

"When it is feasible, too, we suggest that the scene use the product of other agency clients as long as they have to use some prop," said one advertising executive. "As long as they have to show a bottle of a soft drink, or a typewriter, for instance, they might just as well show the one we handle. Directors and producers are nice about it: we give them the prop free and they like to save money."

Gladys Aylward, an English woman who performed heroic work with Chinese orphans during the Chinese-Japanese war. The North Wales mountains vaguely resemble those of North China.

"Apart from the tragic death of Robert Donat," she said, "this is a pleasant picture for me."

Donat is a rich Mandarin in the picture. His scenes were filmed outside London a few weeks before his death.

"This picture is pleasant because I'm playing a wonderful woman. Also, it's the first time I've ever had my children with me on location."

She lives with the six-year-old twins, Isabella and Ingrid, and a nurse in a small villa.

"My big daughter, she's at Mills College now, is coming over," she added.

"And Roberto will be here, too. He's growing taller all the time," by way of explaining her sewing.

Miss Bergman's husband, producer Roberto Rossellini, is seeking an annulment of their marriage. It would surprise none of her close friends to see her try matrimony again—but she won't talk about that.

The heating of wood in order to convert it into carbon or charcoal may have been the first chemical process discovered by man.

4-H Club Activities

WAYNE WONDER WORKERS

The decision to participate in the 4-H Talent Show the first night of the Fair was the highlight of the recent meeting of the Wayne Wonder Workers held at Wayne Hall. For the event the club will order material and make skirts alike.

The President, Karen Thompson, opened the meeting with the pleasant announcement that the Bake Sale sponsored by The Wayne Wonder Workers and the Wayne Snapper Snappers was a financial success. The group then joined in songs.

Mrs. Thompson, the advisor, discussed what and how the 4-H project would be judged.

The next all-day meeting will be held Wednesday at Jackie Pope's home with the luncheon being a hamburger fry. Each member will bring his own buns and hamburgers.

The girls worked the rest of the meeting on their projects.

Karen Newman

THIMBLE SISTERS

The regular meeting of the Thimble Sisters 4-H Club was held at the home of Mrs. Charles Lucas last Thursday.

The meeting was opened with the 4-H pledge. The minutes from the last meeting were read and approved. The treasurer collected dues and the news report was given.

A short health and safety report was given by Judy Lundberg. Refreshments were served by Mrs. Lucas.

Barbara Byron

Gun, Indian Relic Meeting Here Sunday

Already, many gun and Indian relic collectors and others have contacted officials of the Central Ohio Gun and Indian Relic Collectors Assn. regarding the big meeting of the organization to be held here Saturday and Sunday in the Merchants Building on the Fairground.

The two-day meeting starts at 7:30 a. m. Saturday, and continues until late Sunday afternoon. One of the largest numbers of gun and Indian relic collectors ever attending a meeting here is expected.

As usual, it will be open to the public without charge. Children under 16 years of age are not admitted unless accompanied by parents or other adult.

The VFW Auxiliary will furnish food both days.

David L. Foster To Give Recital

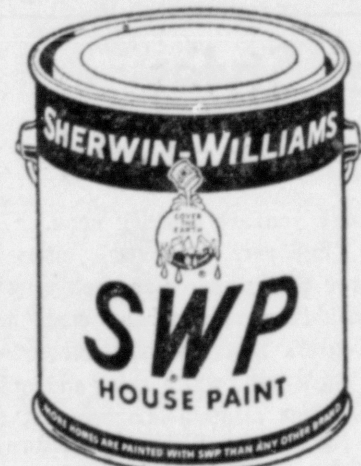

The Washington C. H. Organ Club and Sunday afternoon Musical group will present David L. Foster of Bloomingburg in an organ recital Sunday afternoon at 3:30 p. m. in Grace M.E. Church.

"All students, parents and friends are invited to hear this very fine and talented musician, who will give an interesting concert to music lovers," a spokesman for the sponsors said.

He began his musical career at the age of seven. He was a student of piano of Mrs. Robert E. Willis until he was graduated from Bloomingburg High School. In his piano study he was outstanding as a student of Bach, Mrs. Willis said. He entered Oberlin Conservatory of Music in the fall of 1954 as a student in piano and organ, then took an organ major in his second year, graduating with his bachelor of music degree, with special training and actual experience for minister of music—that is, leader in all choir and organ music in the church.

The flag of the United States is said to have been named Old Glory by William Driver, master of the brig Charles Daggett on Aug. 10, 1831.

O'Neill Raps Lobby Boosting Billboards

CINCINNATI (AP)—Gov. C. William O'Neill says a powerful lobby has been formed to defeat proposed highway anti-billboard legislation.

Gov. O'Neill spoke at the opening of a membership drive of the newly organized "Hamilton Coun-

ty League to Eliminate Litter." "Over the weekend, powerful forces have organized with the purpose of delaying or defeating the anti-billboard legislation I have requested the Legislature to pass," said O'Neill.

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

A few days ago we made a trip to a remote spot in the hills near Humboldt, tiny village on Route 41 about midway between Greenfield and Bainbridge to contact Phillip Fulton, former Fayette County, who resides in that area.

It is in that region where gold is found—and I mean real gold—and I have some of the precious metal that I obtained there.

I wanted to obtain some information from Phillip about a murder committed near Washington C. H. during the Civil War, because I knew his parents and others had told him about the crime. I will give you the story later—with a lurid ghost story in connection.

But what I started to tell you was that two or three times during the four years Phillip has lived in the cabin, built of poplar logs, some 18 inches in diameter, a bear has appeared about the premises—particularly during blackberry time.

So you see there is not only gold but bear "in them thar hills".

Phillip, who is a crack shot, has purchased a high powered rifle, and can well say: "Who is afraid of bears".

Growing near his home we found one of those numerous, and somewhat rare plants of the big mustard family, known as "penny-cress" or Frenchweed—the botanical name is Thlaspi arvense—which Phillip asked me to identify for him.

The plants were covered with flat, nearly round seedpods, about 1/4 inch in diameter. Each pod bears a half dozen dark brown seed with a flavor of mustard and garlic. These were used by pioneers for flavoring pickles and other food. It is of European origin and occasionally is found about old cabin sites.

I will tell you more about Phillip later — for there is much to tell, which I learned during a very enjoyable visit with him.

Enroute to Phillip's home we halted for a short visit with our good friends, Mr. and Mrs. C. C. Nevin, at Humboldt, where Mr. Nevin was formerly postmaster and operated a general store for a great many years.

I HAVE MET ICHABAD!

Now I know "Ichabad"! I met him at the home of Mrs. C. R. Armbrust, 603 Willabar Dr., while I was getting acquainted with upward of 300 parakeets, cockatiels, lovebirds and parrots, most of which are housed in the basement of the Armbrust home, where they keep up a continual piping and chattering in various keys.

You see "Ichabad" is a "Half-moon" parrot who talks, sings, meows, etc. He is quite a pet.

When Mrs. Armbrust opened the cage door, Ichabad flew out, circled the room and alighted on my shoulder, where he proceeded to chatter away. When I said "kitty", as suggested by Mrs. Armbrust, "Ichabad" proceeded to meow like a cat.

"He knows about 75 words and is quite a bird", explained Mrs. Armbrust, who added: "Don't be afraid of him—he won't bite you".

I was not afraid as "Ichabad" walked around over my shoulder, then around the back of my neck, to the other shoulder—I was just a little apprehensive for obvious reasons!

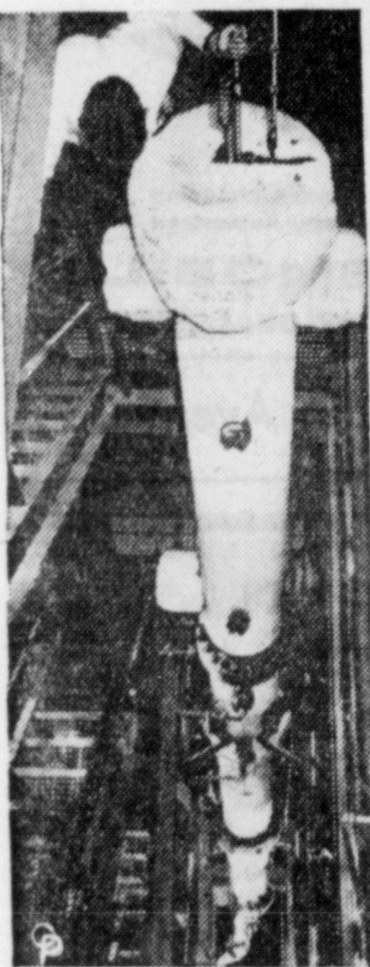

Mrs. Armbrust has raised the four kinds of birds for the last four years. Sometime ago she had over 500, many of which she disposed of a short time ago.

She has many baby birds sitting quietly about and growing into big birds as the days go by.

The colorful array of parakeets of various kind is decidedly out of the ordinary. It is little wonder that they are much in demand among bird lovers.

Mrs. Armbrust, who is kept rather busy with household and other duties, still finds time—and a lot of it—to devote to proper care of her large family of birds. She said that after expensive feed is given to the birds, there is little or no profit in raising them.

However they are her chief hobby—and that makes a difference.

FOR A PLANT—A technician in San Jose, Calif., adjusts a General Electric prototype control rod drive for this country's largest all-nuclear power plant, the Dresden Station near Chicago. The all-hydraulic drive is being tested under temperatures and pressure conditions which actually will exist in the Dresden pressure vessel. (Central Press)

PEOPLE GET CARELESS, FATALITY — In northern Florida (lower), just across line from Geneva, Ala., five persons, three of them teenage boys, are dead as result of this crash with a big truck. In Woodstock, Ill., children lie along highway (upper) after a head-on collision which injured 10 persons in three automobiles. The station wagon carrying five girls on a camping trip struck another auto and then was rammed by a third. (UPI Telephotos)

Those 'Cool' Teen Styles Leave Prospective Boss Cold

By DOROTHY ROE

Associated Press Women's Editor

If you want to get that job, girls, don't apply for it wearing a sack dress, a straggly short haircut, bare legs and loafers. These are the current pet hates of bosses, as revealed by a recent survey of 206 office executives.

The girl who gets the job, employers agree, is the neat, well-groomed miss who wears a trim tailored suit (fitted, please), a small hat, clean gloves, sheer stockings, plain pumps with high or medium heels, a medium-length, well-brushed hairdo and a minimum of makeup.

As to boys, the best way not to get a job is to wear an Elvis Presley haircut, a loud sport coat and slacks, pork pie hat and two-tone oxfords with rubber soles.

The bosses say that the first impression made by a young job seeker is the most important. The boy or girl who takes the trouble to be well-groomed and properly dressed when applying for a job is the one who may be expected to show initiative and responsibility after he gets it.

Employers are almost unanimous in vetoing the sack dress as office attire, and they are firm in their stand against sloppy flat-heeled shoes and bobby sox or bare legs.

They have little use for the pony-tail hairdo, and particularly abhor that ragged crew-cut affected by many high school girls.

The average boss also is not impressed by the girls who show up wearing heavy eye makeup and garish lipstick. A discreet use of makeup is, of course, all right, and even desirable. The object should be to make it look natural, so that the unobserving male will think you are wearing none.

Employers in eastern cities agree that young men seeking jobs should wear suits with coats and trousers that match. Preferred is a dark suit, white shirt and quiet tie. This attitude is somewhat relaxed in the West and Midwest, where sports clothes are more acceptable for business wear. Dark, well-shined oxfords are the approved footwear.

Girls also are warned to avoid metallic nail polish and long fingernails. Employers feel, reasonably enough, that the girl with curved talon fingernails will not be too efficient at the typewriter. They also frown on heavy perfume and an excess amount of costume jewelry for office wear.

As to mannerisms — you don't have to walk like Marilyn Monroe to land the job. Believe it or not, the average employer is looking for efficiency rather than sex appeal during office hours.

Frame Structure Becomes Monument

KENOSHA, Wis. (AP) — Wreckers clearing buildings for the new Richard Bong Air Force jet bomber base found a monument to the past.

Workers ripped the sides off an old frame building to find that the structure was really an ancient cabin made of hand-hewn oak logs.

The Kenosha County board approved a motion to preserve the cabin as a monument to the pioneer past.

Summertime Is Good Time To Be Alert to Blind Dates

By VIVIAN BROWN

AP Newsfeatures

Summer is the season when blind dates thrive, when romantic mountain and beach belles expect to meet their heroes in some unexpected place — emerging sun-tanned from the briny deep, in the moonlit glow of a garden party, or even in an air-conditioned movie.

The girl who accepts a blind date should be aware of the importance of the social amenities involved:

1. The boy should not be a friend of a friend of a friend. The person who recommends a blind date should be someone of responsible character—parent of a friend, a relative, respected teacher. It is the duty of that person to know the blind date well.
2. There should be others present on the date. Another couple who have known each other for a long time or dated many times before is a safe bet.
3. You have no obligation to the blind date, no matter who has made the introduction. If he is surly, a speed-demon, a parking problem, boorish or a bore, it is your privilege to cut the evening short. Give him the brush-off just as you would any other date. Aunt Myrtle may be a good friend of his mother, but that doesn't always give a clue. A doting mother can make a son sound like Prince Charming to willing listeners.
4. When a blind date is suggested to you it is a good idea to ask the age of the boy, and get some information about his background. If he is out of your sphere as far as mutual interests go, it is better not to accept the date. (For example: You hate sailing, and he owns a boat, and all he lives for is a day on the water. If the date is to be for a sail, don't think that by accepting it you can change his mind at the last minute.)
5. It's a good idea not to seek a blind date or act too eager about one that someone is making for you. In the worst possible taste is the telephone call from a girl to a boy discussing a proposed blind date. The boy and girl should be properly introduced by the person who is the go-between.
6. It is true that one can be pretty lonely at a summer resort, responding invitingly to an anonymous note or phone call, prompted by the same loneliness on the part of the male. Sometimes if the suggestion is made that the boy find a mutual friend for purposes of introduction, there is no harm in accepting the date. It is folly, however, to accept a date over the phone from a stranger to meet in a restaurant, theater, hotel lobby or other public place or to go for a drive in his car.

Mauch Twins Still Working In Hollywood Film Mills

By BOB THOMAS

HOLLYWOOD (AP)—What ever happened to the Mauch twins?

Some citizens have written in to ask after seeing them on television in that old movie favorite, "The Prince and the Pauper."

Well, Billy and Bobby are still at Warner Brothers, where they made the Mark Twain story and other films. But they're no longer before the cameras. As Bill and Bob Mauch, they are in the editing department.

At 34, both are still youthful, though their foreheads are receding. They still look enough alike to fool their co-workers, but upon scrutiny, you can detect slight differences between the two. Bill is more slim-faced, a bit more serious. Bob has broader cheeks, often erupts with an infectious laugh.

I asked the boys to start at the beginning in bringing themselves up to date. It all began in Peoria, Ill., where they were born, they related. They moved on to Chicago, began doing radio at an early age—impersonations, skits, etc.

Then the big time called them and the Mauchs invaded New York radio, appearing on the March of Time and dozens of other shows. That was when Warner Brothers found them.

"They were looking for a boy to play Frederic March as a child in 'Anthony Adverse,'" Bob explained. "They tested us and wanted to sign Bill because his face was thinner and he looked more like March. But they took us both because there was a threat that MGM would sign us."

During the war they were together in the Air Force nearly all the time—"there's an order that twins can stay together if they want to," Bill explained. After serving in the states and the Philippines they returned to Hollywood.

"Bob went right into editing after the war," Bill explained, "but I stuck to acting. I did about 12 pictures over a five-year span. I liked it, but I also like eating. So I went into editing, too."

Both waited until the 30s to marry and both are childless so far. I asked if they ever planned to return to acting.

"No," said Bob. "Although we have thought about an adult Western with twin stars. Hey—wouldn't that be something?"

Chisox Find Lopez Formula Working OK

His Plan: If You Can't Score Many, Don't Let Opponent Have Any

By THE ASSOCIATED PRESS
The Chicago White Sox finally have put Manager Al Lopez's formula for success to work: If you can't score many runs yourself don't let the other guy score any at all.

It sounds tough, but that's just what the Sox pitching staff has been doing lately. Ray Moore loaded another shutout on the American League-leading New York Yankees Monday night with a three-hitter that gave Chicago a 2-0 victory and a share of fourth place.

Moore, another profit in that power-pitching trade plan put into effect by the Sox last winter, hadn't pitched a shutout in a year, but he helped boost Chicago's whitewash total to six in nine games.

The second-place Kansas City A's whipped Washington 7-2 and retained their one-game lead over the third-place Detroit Tigers, who defeated Baltimore 3-1 in the only other game scheduled.

In the National League, rookie Carleton Willey tossed a six-hit shutout as the Milwaukee Braves defeated San Francisco 7-0. St. Louis moved into a third-place tie with Cincinnati by beating Pittsburgh 7-5 while the Redlegs beat Los Angeles 6-1.

The A's counted three home runs, one Bob Cerv's 19th to the Boston's Jackie Jensen for the AL lead. Little Murry Dickson won his fifth with a seven-inning. He had a shutout until the seventh, then gave up home runs to Norm Zaichin and Roy Sievers. Bill Tuttle and Hector Lopez also homered for the A's.

George Susce, late of Boston, won his first for Detroit in his first complete game since Sept. 25, 1955, when he beat the Yankees. The lone Oriole run came in the sixth on Gus Triandos' 15th homer. Gail Harris homered off loser Arnie Portocarrero (4-5) for a 1-0 tie in the second inning. Al Kaline's sacrifice fly made it 2-0 in the third and he then tripled and scored on a passed ball in the eighth.

Your ace has lost three in a row. Your World Series hero is stumbling along with a 5-5 record. Your most consistent winner is on the disabled list and your pitching staff has come through with only one nine-inning complete game in more than three weeks. You should be dead.

Instead, the Milwaukee Braves reached down to the minors and pulled out a plum named Carleton Willey, a big right-hander who won 21 at Wichita last season. He was the toast of the dozen or so kid pitchers who crowded the spring camp. But come outtime and he was shipped back to Wichita.

Now, with Warren Spahn slumping, Lew Burdette at 500 for 10 decisions and Bob Buhl ailing, Willey was called back, and he came back big — pitching a six-hit shutout in his first major league start and beating second-place San Francisco 7-0 Monday night.

That bounced the Giants 2½ games behind and in danger of being overhauled by St. Louis and Cincinnati. The Cardinals tied the Redlegs for third place, a game behind San Francisco, with a 7-5 victory over Pittsburgh while Cincy was disposing of Los Angeles 6-1. Those were the only games scheduled.

The Pirates built a 3-0 lead against the Cards, then blew it with five errors, three by Ted Kluszewski. Curt Flood had four hits for St. Louis.

Brooks Lawrence (5-3) won his fourth in a row for the Redlegs, going all the way with a six-hitter while Cincy handed Johnny Podres his sixth defeat. Singles by Gus Bell and Roy McMillan, a sacrifice by Lawrence and Johnny Temple's single scored the tie-breaking runs in a two-run fifth.

Casper Pockets \$9,000 at Flint

FLINT, Mich. (AP)—Today is Bill Casper Jr.'s 27th birthday and he has a check for \$9,000, a gleaming trophy and the title of golf's leading money winner to make it a happy one.

The beely ex-sailor from Apple Valley, Calif., packed \$9,000 worth of drama and excitement into one final putt Monday. From a distance of 3½ feet he captured the \$52,000 Flint Open tournament by a single stroke.

Casper finished with a 71, one-under-par, and his 285 tournament total nosed out Masters champion Arnold Palmer of Latrobe, Pa., and Ted Kroll of Sarasota, Fla., by a stroke.

With All-America Elgin Baylor as the attraction, Seattle University drew 60,150 fans to Civic Auditorium for 12 home basketball games last season.

Yankee shortstop Tony Kubek batted .331 as Denver's shortstop in the American Assn. in 1956. He was second in the race for the league batting title.

Greaves Collects 10-Round Decision

NEW YORK (AP)—At 22, Wilkie Greaves has been put through the fistic wringer. Apparently learning the hard way against the best fighters in the middleweight division has made a pretty good scrapper out of the farm boy from Edmond, Alberta.

The youngster scored a unanimous ten-round decision over Otis Woodard of New York at St. Nicholas Arena Monday night. It was his sixth straight victory.

Jeff Finishes Bray's Streak

Seals Nab Decision Over New Holland

The Jeffersonville Babe Ruth League outfit spotted Bray's six runs Monday night, then bounded back to stage the first major upset of the season as they defeated the league leaders, 8-7, in the feature contest on a crowded youth baseball docket.

In the same league, the Seals kept their best foot forward and had a minimum of trouble taking a 9-1 decision from the New Holland squad at Rossmann field.

Outitting the Sportsmen, 9-7, the Jeff outfit kept up the suspense until the final frame when they came through with two runs to change the course of the game. An error, a stolen base and a 10-1 line drive single helped score the winning run for the Jeff crew.

Bob Williams, the Jeff pitcher, started the game by spotting the opposition six runs, but settled down after the first frame and pitched a much-deserved victory. His opponent, Mike Wilson, had the only extra base hit of the game—at triple that scored Jeff's first run.

Jerry Robinson smacked out the vicious line drive that scored the winning run.

Good fielding and good hitting helped the Insurance Assn. Seals take their 9-1 victory over the New Hollanders at Rossmann Field Monday night.

The Seals started with four fast runs in the first, added two in the second, one in the third and two more in the sixth. Butcher Reiber, Corky Wilt and Gil Crouse scored two runs on two hits each. Ronnie Jones had two more hits, but no runs.

All 14 members of the Seals' squad saw action in the game. Not one of them—nor any of the opposition, either—made an error.

The hapless New Holland Club, new to the league this year, showed more improvement over its previous outings, but still not enough to match the established first division regulars.

The Record-Herald Tuesday, June 24, 1958 9
Washington C. H., Ohio

GETTING INTO THE ACT—St. Louis players Gene Freese (left) and Joe Cunningham didn't know they'd be catching curves like this when they went onto the field at Cincinnati before a game with the Redlegs. The girls drafted them into dancing during a pre-game variety show. (UPI Telephoto)

Congress Debates Antitrust Statute's Tie to Baseball

WASHINGTON (AP)—The House moved today toward debate on whether professional baseball's long immunity from antitrust laws should be ended.

The House has before it legislation to spell out how the antitrust laws would apply to four professional team sports—baseball, football, basketball and hockey.

Baseball is most vulnerable because the Supreme Court last year said that under present law baseball is still outside the scope of the antitrust statutes. Football comes under them. There have been no recent test cases on the other sports.

The representatives, who will not vote finally on the measure before Wednesday, could take any of three courses—leave things as they are, with baseball exempt and the exact applicability of the laws to other sports doubtful; or pass either of two pending bills.

The bill officially before the House would apply the antitrust laws to the four sports insofar as their business operations are concerned, but would exempt "reasonably necessary" operations concerned with the games themselves—such as reserve clauses binding players to a particular team; territorial arrangements and the like. But they would have to be proved "reasonably necessary."

The author of this bill, Rep. Emanuel Celler (R-N.Y.), contends at least this much restriction is necessary, or "baseball owners will do as they wish."

But Rep. Kenneth B. Keating (R-N.Y.), one of a group of authors of a rival bill, has served notice he will try to have it substituted for Celler's. It is similar, but does not confine the exemption to "reasonably necessary" arrangements.

Originally scheduled for Friday, the game was moved up because of the weather.

Following the May 15 cutdown date, the Cincinnati Redlegs had the fewest rookies in the National League—one. He is rookie southpaw pitcher Charley Rabe.

Michigan State gymnast Ted Muzyczko won the 1958 NCAA parallel bar championship 10 days after becoming eligible for varsity competition. He had transferred from the University of Illinois.

Football cleats were first used at Yale in 1890.

Gonzales Clinches Pro Tennis Title

FOREST HILLS, N. Y. (AP)—Pancho Gonzales plays Lew Hoad tonight in the Tournament of Champions. But there's nothing at stake except their competitive pride and the pro tennis king's remarkable record in New York.

Since 1951, Gonzales has won 15 matches, including the five that assure him the \$3,000 first prize in the current round-robin. Gonzales stopped Australian Frank Sedgman by 10-8, 6-2 Monday night to clinch top money when Hoad lost to his former Australian Davis Cup buddy, Ken Rosewall, 6-2, 8-6 for a 3-2 record.

Tribe Rookie Returned to Active Status

CLEVELAND (AP)—Rookie center fielder Carroll Hardy, who underwent an appendectomy May 20, is back in uniform but will be on the bench tonight when the Cleveland Indians open a three-game series against Boston.

"We'll go with the same lineup for a while," said Manager Bobby Bragan Monday after Hardy was returned to active status following the required 30 days on the disabled list.

This meant that Woody Held, recently acquired from the Kansas City A's, would remain in center field.

Bragan now has a full squad of 25 men after operating with 24 last week following the trade with Kansas City in which the Indians exchanged three players for two.

Five of the 25, however, are either fully or partially incapacitated, although one, Billy Harrell, may play third base tonight. The others are pitchers Herb Score and Don Ferrarese, infielder Bob Avila and outfielder Larry Doby.

Bragan picked rookie right-hander Gary Bell as his pitcher tonight. Bell, who lost his first major league game to the New York Yankees last week after winning twice, made a start in Boston two weeks ago, but was knocked out in the sixth inning.

He will be opposed tonight by Frank Sullivan, another right-hander, who has won four games and lost two.

Collegiate Golf Tourney Starts

WILLIAMSTOWN, Mass. (AP)—Two-thirds of the huge field in the National Collegiate golf tournament played half of the necessary 36 qualifying holes Monday. Some play the other half today, others Wednesday. The final one-third starts today and winds up Wednesday when the low 64 win the right to enter showdown match play.

Out in front were Houston's Phil Rodgers and Bernie Magnusson of Stanford with 69s. Dick Whetzie of North Texas, Southern Intercollegiate champ the last two years, Duke's Dick Siderowf had 71s. There were 10 players at 72.

Ab Justice of Oklahoma State and Duke's Dick Siderowf had 71s. There were 10 players at 72.

Casey Moaning About No Hits

CHICAGO (AP)—"My guys aren't hitting."

With that terse statement Manager Casey Stengel summed up the situation after his New York Yankees were blanked by right-hander Ray Moore in a 2-0 loss to the Chicago White Sox Monday night.

It was the fourth time in the last nine games the Yankees had been whitewashed. It was the fifth time this season they had been held scoreless compared to only two shutouts last year.

"Our guy (Whitey Ford) pitched good ball. He made only one mistake," said Stengel. "That other guy (Moore) didn't make any."

world record—because of an IAAF rule that distances over 1,000 yards were measured to the nearest fifth of a second.

Joe Cronin and Bucky Harris won American League pennants with two different clubs. Cronin managed the 1933 Washington and 1946 Boston teams. Harris led the 1924 and 1925 Washington and 1947 New York Yankees to victories.

Steve Bilko of the Cincinnati Redlegs struck out 105 times but drew 104 bases on balls for the 1956 Los Angeles Angels. He hit 55 home runs that season.

Babe Ruth Group Seeking \$4,000

To Erect Lights At Rossmann Park

Backers of the Washington Babe Ruth Assn. hope to have "the bulk" of the \$4,000 they need to erect lights at Rossmann Park collected by the end of the week.

John Breiner, president of the county wide teen-age baseball group, said Tuesday that "we hope to get the money as soon as possible so we may expand our program to include more boys before the middle of the current season."

"As soon as we have the lights and we are able to play night games, we can establish a minor league and virtually double the size of our organization," Breiner commented, in kicking off the fund raising campaign.

DANA HYER was named general chairman of the overall fund-raising drive. He said contributions may be left at his office in the Farm Insurance Agency, at the office of his fellow in office man, Sam Parrett, or at Bray's Sports Center.

Dr. Ryers Shaw was named professional chairman, and Leo Edwards, industrial chair man. Various special collections will be handled by Felix Halliday, Glenn Tatman, Martin O'Connell, Glenn Massie and L. E. Juillera.

District chairmen in the city include Ralph Bray, Carl Wilt and Gilbert Crouse, for the area west of Main St.; Tom Mark, for E. Court St. and Columbus Ave.; and Mac Dews Jr. and Willard McLean, for Fayette and North Sts.

The Washington C. H. Lions Club, one of several Lions Clubs backing the league, set the campaign rolling with a \$1,000 donation several days ago. Total cost of the lights will be "about \$5,000," Breiner said.

Girls' State Ballot Box Gets Workout

COLUMBUS, Ohio (AP) — The ballot box gets a real workout at Capital University today. More than 800 high school girls, on the campus as citizens of the mythical 49th—Buckeye Girls—state, are holding both a primary and regular election.

The primary will settle who the Nationalist and Federalist party candidates will be for governor, Lieutenant governor, secretary of state, treasurer, auditor and attorney general.

Together with candidates for the State Board of Education—no primary is needed for them—the top vote-getters will compete later today in the final election.

County offices and judgeships also are at stake.

It's all part of the American Legion Auxiliary's program to show the girls how government in Ohio—from the grass roots on up—works. By doing it themselves, the teen-agers are expected to see how the machinery of state government and politics operates.

Eighty-five of Ohio's 88 counties are represented at the annual program.

Primary nominees for governor are:

Susan Ruby, Toledo; Kathleen Johnston, Springfield; Patricia Hein, Cincinnati; Ann Cooke, Wiloughby; Rosemary Brembeck, Columbus; Bonnie Bauer, Parma Heights; Sandra Gordon, Canton; Georgia and Fletcher, Akron.

Other nominees include:

For lieutenant governor: Mary Pat Smagola, Lakewood; Nancy Anderson, Cuyahoga Falls.

For secretary of state: Nancy Fairchild, Oberlin; Mary Ann Ramser, Shadyside; Freda Fisher, Canton; Edith Macwoods, Zanesville; Linda Goist, Girard; Susan Hoch, Bellevue; Judith Kraus, Huron; Karen Sheppard, Philo.

For state treasurer: Elizabeth Whitt, Germantown; Judy English, Lima; Dorothy Holbeck, Newton Falls.

For state auditor: Mary Ann Lusk, Gallipolis; Nancy McKinstry, Lancaster; Sally Thompson, Dresden; Judy Jewell, Newton Falls.

For attorney general: Myra Newman, Shaker Heights; Beverly Hill, Paulding; Jennie Lewis, Huntsville; Jo Anne Jenkins, Madison; Pricilla Reed, Uhrichsville; Judy Roush, Beverly; Lucille Mitrovich, Masury.

Cristobal Colon peak in Colombia, 18,947 feet high, is in the loftest coastal mountain mass in the world.

Dean To Get Another Trial

COLUMBUS, Ohio (AP)—Homer Jack Dean, convicted 11 years ago for the first-degree murder of a suburban real estate man, has been granted a new trial.

Franklin County Common Pleas judges, sitting as a group, Monday set the retrial for Sept. 8.

Dean drew a life sentence after a jury found him guilty in 1947 of the fatal shooting of Elmo Rice, a real estate dealer in Clintonville.

In 1950, Dean's attorney, Robert G. Jack, appealed for a new trial on grounds that new evidence had been uncovered proving conclusively that Dean is innocent.

Dean was granted a new trial in 1956 by Judge Joseph M. Harter, but it was discovered later that Harter did not enter his decision in writing into the official journal, and Dean remained in jail.

The case then went to the Ohio Supreme Court which sent it back to Common Pleas Court for further action.

Judge Harter's 1956 decision was affirmed with Monday's order for a new trial.

Youth Club Activities

BOY SCOUT TROOP 112

The regular Monday night meeting of Troop 112 was opened with Pledge of Allegiance to the Flag. Walter Tuvel of Cub Scout Pack 342 passed his Candidate Scout requirements.

The main topic of discussion during the meeting was a survival camp-out planned for the near future. On this one-night camping trip, Scouts would take only pocket knives and hand axes and be expected to find food and shelter among the native surroundings.

After dismissal, the Scouts played "Steal the Bacon."

Peter Hayes

IT'S SO EASY TO PLACE A WANT AD.

Fourth of July Plans Outlined

Jaycees Co-ordinate Holiday Program

Plans for the Fourth of July celebration were outlined at Monday night's Jaycee meeting by Bob Tice, concessions chairman.

Robert Alkire of The Standard Oil Co. presented plaques to the winners of the Jaycees sponsored Teen-age Rodeo at Perry Salyer and Vonda Lee Hall. A permanent trophy with the winner's name inscribed on it and topped with a model of a jalopy was started this year.

The Fourth of July activities will start at the community park at 9:30 a. m. and last until midnight. They will include sports, games, a teen-age hop, fireworks and 50-50 dance.

Jack Lyons said the combination concession stand and storage room at the park will be finished by that time. He said this stand is the Jaycee contribution to the community park, and will be available for use by other groups after the Fourth.

Plans outlined by Tice include the refreshment stand with soft drinks, hot sandwiches and snow cones. Youth activities for the youngsters are scheduled for almost all the day.

A teen-age record hop is in the afternoon. Family picnics at the park are expected to be very much a part of the holiday.

The fireworks start at dark, then an old-fashioned square dance follows until midnight.

Tice was presented the president's gavel for the next year by retiring president, W. E. Williams.

Mann Heads Council At Methodist Camp

Twelve students from Grace Methodist Church attended the Senior Institute at the Sabina Methodist Camp ground last week.

Randy Mann was elected president of the student council. Mrs. N. M. Reiff directed the drama group with Mrs. Nona Feagans, Miss Elizabeth Horney, Miss Jo Reiff and Mrs. John M. Wade served as counselors.

This year was the first time that young people had to be turned away from camp, it was said. Paul Moody, a biology professor at Ohio Northern University was the college representative to help the older students select their college.

The Rev. L. J. Poe, pastor of Grace Methodist Church, and Mrs. Poe were dean of men and women of the camp. Phil Grover, associate county agent, and Mrs. Grover attended the camp Wednesday night to lead the group in square dancing. David White-side and Sydney Terhune assisted Grover.

The summer camp for the intermediates is scheduled to open Sunday. More than 30 from Grace Church here are expected to attend.

In addition to Mann the others at the camp were: Paula Slagle, Mary Jane Limes, Betty Ellen Clark, Judy Lundberg, Melvin Haines, Bill Haines, Bill Steen, Bill Whiteside, Roger Thornbert, Mahlon Kelley, John Dowdy and David Nungesser.

Reservations for the trip can be made here through The Club, ABC Stockyards and Charles Funk's Restaurant in Jeffersonville.

McKinley Kirk of Washington C. H., manager of Grandview Oval, said reservations may be made at Aurora Inn for Friday night. A swimming pool, golf course and amusement park will be available at the inn, he said.

Municipal Court Has Only 2 Cases

In one of the lightest mornings in weeks in Municipal Court, one woman was fined for speeding and an assault and battery case was continued.

Raymond Johnson, 65, of 619 E. Temple St., pleaded not guilty to an assault and battery charge filed by Virginia Easton. Confined in jail until he puts up \$50 bond, Johnson's case was continued until July 1 at 10 a. m.

Betty Spettigue, 44, Greenfield, pleaded not guilty to a speeding charge. She was found guilty and fined \$5 and costs, but the fine was suspended.

Only one-tenth of the Hawaiian islands population is Hawaiian.

FINDS MOVIES A PLEASANT SURPRISE

Movies turned out to be a pleasant surprise for Joe Grim, of the Grim Sign Co., after an absence of three years.

He was invited to a showing by Jim Chakeres, and he quoted "Just Like Old Times."

"We went to the movies last night — first time since we got our TV set years ago. And, say, talk about a novelty. Do you know, the screen was so big that when it showed a news- paper in the picture, I could actually read the headline on it. And no interruptions. I couldn't figure out at first what caused the uncanny peacefulness. Then I realized that it was no telephone ringing, and no salesman at the front door.

"My wife just sat there quietly beside me — not at me to switch channels, not talking even. And here's the most remarkable thing of all: I hadn't seen the movie before. No kidding, that picture was so new the actors in it were walking around in modern dress, just like you and me. I tell you, it had me on the edge of my seat."

Mainly About People

Mrs. Ethel Barton, 914 E. Temple St., entered University Hospital, Columbus, Monday for major surgery.

William Dale is the name chosen by Mr. and Mrs. Norman Pope, 2025 Colton Dr., Dayton, for their 6-pound, 13-ounce son, born in Miami Valley Hospital Saturday. Grandparents are Mr. and Mrs. Raymond Parks, 1117 S. Fayette St., and Mr. and Mrs. Kenneth Pope, 714 S. Fayette St.

Dewey Sheidler is attending a two-day regional meeting of the Ohio State Life Insurance Co. being held in Gratiot Inn, Detroit, Mich.

Mrs. Darlene Davis has been accepted as a student in the Insurance Institute School offered on the campus of Lake Erie College, Painesville, June 22-27. Mrs. Davis is associated with Jane Coffman Insurance Agency.

Frank E. Caldwell, son of Mrs. Ethel Caldwell, 827 Washington Ave., received his master of arts degree in social work in the University of Chicago's Convocation last week.

Miss Jo Ann Davis, daughter of Mr. and Mrs. M. Grove Davis, Greenfield Rd., was among the 12 graduates and faculty members of the School of Music at Ohio State University who have been initiated as members of the Alpha Rho chapter of Pi Kappa Lambda, national music honor society.

Leo Ford, son of Mr. and Mrs. Henry L. Ford, 414 Third St., was among the 72 students at Wilmington College who made the Dean's List at the Quaker college for their second semester work. He was among these students making an average of 3.74 to 3.50.

Marilyn Reno, 428 Gregg St., has accepted a position in the office at Carroll Halliday Inc., Columbus Ave.

Mrs. James Sigman, 2 Dunny Dr., is in Doctors Hospital, Columbus, for observation and treatment.

Weekend at Races Offered Fans Here

Lovers of horses in this community — and they are many — will have an opportunity to take a weekend trip to Grandview Oval near Cleveland to watch two nights of harness racing.

Arrangements have been made by the Grandview management and three business firms here for a bus trip, leaving the bus terminal here at 1 p. m. Friday and returning at 5 a. m. Sunday.

Reservations for the trip can be made here through The Club, ABC Stockyards and Charles Funk's Restaurant in Jeffersonville.

McKinley Kirk of Washington C. H., manager of Grandview Oval, said reservations may be made at Aurora Inn for Friday night. A swimming pool, golf course and amusement park will be available at the inn, he said.

SEC Chief Denies Agency Gave Favors to Goldfine

WASHINGTON (AP) — Securities and Exchange Commission Chairman Edward N. Gadsby hotly denied today that the SEC favored Bernard Goldfine, Sherman Adams' Boston industrialist friend, after getting a White House call in 1956.

"To put it bluntly," Gadsby told House investigators, "the commission could hardly have done more if Mr. Adams were Mr. Goldfine's worst enemy."

Personnel of the SEC got a commendation for uprightness from the counsel of the House subcommittee investigating Goldfine.

Robert Lishman, the counsel, said a thorough check of leads supplied by apparently reliable sources showed "little information useful to our investigation."

Lishman told Gadsby the subcommittee recognizes that "the rank and file of the Securities and Exchange Commission have an outstanding reputation for uprightness and excellent performance of a difficult public service."

Lishman said it is regrettable that when committee investigators, as they must, check information given them, the impression often is given that someone is considered guilty.

Subcommittee Chairman Owen Harris (D-Ark) has accused both the SEC and the Federal Trade Commission of giving preferred treatment to Goldfine.

The investigators have developed testimony that Adams got expensive favors from Goldfine.

Adams has said, however, that he accepted gifts innocently from an old friend. He has said he sought no preferred treatment when he contacted the two federal agencies about Goldfine cases.

Lishman said it is regrettable that when committee investigators, as they must, check information given them, the impression often is given that someone is considered guilty.

Subcommittee Chairman Owen Harris (D-Ark) has accused both the SEC and the Federal Trade Commission of giving preferred treatment to Goldfine.

The investigators have developed testimony that Adams got expensive favors from Goldfine.

Adams has said, however, that he accepted gifts innocently from an old friend. He has said he sought no preferred treatment when he contacted the two federal agencies about Goldfine cases.

The SEC case involved a com-

plaint against a Goldfine holding company, the East Boston Co., for not filing required financial reports from 1948 to 1955.

THE CASE was finally settled in April 1956 when SEC agreed to a \$3,000 fine from East Boston plus compliance with reporting requirements—not as stiff a penalty as had been proposed in earlier phases of the court case.

In February, two months earlier, SEC got a White House call about the case which was prompted by Adams.

Gadsby testified that the information given the White House, and also to Sens. Frederick G. Payne (R-Maine) and Norris Cotton (R-NH) at a conference a few days earlier, was only what is routinely provided in such cases.

"I find no shred of evidence to suggest preferential treatment of Mr. Goldfine or East Boston Co. either before or after the White House inquiry on the case," he said.

"No one would have been more indignant than I, were I to have detected in the record any trace of favoritism or impropriety, let alone illegality or venality."

The facts in the record, the SEC chairman said, are that SEC waged firm and aggressive action against Goldfine's East Boston Co. and sought a stiffer penalty than it was able to win from the federal court.

In the whole history of the SEC, he said, the East Boston case is the only one where the commission went so far as to seek a contempt of court order to compel the Boston firm to file the financial reports under SEC law.

THE DES MOINES Register today quoted an unnamed Republican senator as asserting that Adams isn't letting the facts through to the President on Adams' relationship with Goldfine.

A special dispatch from the Washington Bureau of the Register said this "prominent Republican senator who wouldn't let his name be made public" has offered to go to Eisenhower with a file on the Adams-Goldfine relationship.

The offer, the story said, was made to Wilton B. Persons, deputy presidential assistant.

Persons is reported to have promised to advise the senator today on whether he will be given an audience with Eisenhower.

The story quotes the senator as saying: "It isn't fair to President Eisenhower that he should receive his information on this matter through Adams — the man whose actions are under question."

The cost of materials for the Barger Rd. bridge improvement will amount to \$1,200, said the engineer. However, that figures does not include labor costs, he added.

Work on Jamison Rd. Is Now Under Way

Resurfacing of Jamison Rd. with heavy road mix was started Tuesday and the narrow bridge on Barger Rd. is scheduled to be replaced by the end of this week, County Engineer Charles P. Wagner said.

The engineer reported that the section of Jamison Rd. to be resurfaced is the two-mile stretch between U. S. Route 62 and U. S. Route 35. The roadway was smoothed out before resurfacing operations began.

This road was laid out in 1822, said Wagner. Improvements will not include widening the paved surface of the road, because the narrowness of the present right-of-way prohibits it, Wagner explained.

The cost of materials for the Barger Rd. bridge improvement will amount to \$1,200, said the engineer. However, that figures does not include labor costs, he added.
